Our New "Eye Of The Storm" Creates Fascinating Displays Of Living Lightning . . . And Responds To Sounds As Well As Your Hand's Touch! *See Page 2 . . .*

Amazing Chamber Of Living Lightning Responds To Touch . . . Or Sound!

Inside the Eye Of The Storm's glass chamber, all is calm. But not for long. As the volume of your stereo rises, something other-worldly begins to happen.

A brilliantly colored bolt of lightning shoots out from the chamber's center . . . then another . . . and another . . . responding to every beat of the music!

Now pass your hand over it. Unchained lightning gathers harmlessly around your hand in swirling "plasma" formations that follow your every move!

More than just a stunning visual spectacle, the Eye Of The Storm is an actual chamber of living lightning, first conceived by the 19th century inventor Nikola Tesla. Inside the 8" chamber is an exotic combination of rare gases. When streams of charged particles enter the sphere, they split into dazzling starburst patterns. Your hand's warmth . . . or any sound (even voices) . . . changes the electrical discharge, creating an endless variety of patterns.

Its stunningly beautiful displays are controlled by twin sliding switches. You can vary the intensity from single lightning forks to a full-blown electrical storm.

Our Eye Of The Storm costs far less than any other lightning chamber. And it's the first that responds to *sound* as well as touch. Set them on top of your speakers for a spectacular musical accompaniment. Experience the power and beauty of one of nature's greatest marvels. Bring alive the lightning within the Eye Of The Storm! 13" tall. #721500 **Eye Of The Storm $199.95** *(6 lbs.); Save $20.00!* **2 For $379.90** *(12 lbs.)*

Alarm Switch Replica Fools Burglars To Keep Your Home Or Business Safe

A burglar approaches your home in the dark. He slithers over the fence and into the backyard, pulling out his bag of tools. But when he reaches your back door, he notices a small switch box, its red light flashing ominously. This house has an alarm system, he thinks. He examines the box closely. Then, shrugging his shoulders, he tiptoes away.

The Scarecrow has done its job again. Virtually an exact copy of the exterior controls of an expensive, highly respected alarm system, the Scarecrow looks so real even veteran security personnel can't tell the difference. And neither can the average burglar.

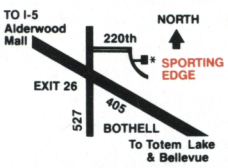
Installation is simple. Just screw it into the wall next to the doors of your home or business. A set of 2 AAA batteries power the Scarecrow's light for 8-24 months. Weatherproof, stainless steel panel with working key switch. Includes warning decal, mounting screws, 2 keys. 4½×2¾×½". #558000 **Scarecrow Home Alarm $29.95** *(2 lbs.); Save $5.00!* **2 For $54.90!** #363126 **2 AAA Batteries $1.95** *(1 lb.)*

For best results, place Scarecrows next to all the doors in your home. They work 24 hours a day, even while you're on vacation, protecting your home or business from burglary.

We've Put Together A Winning Team . . . For You!

Sporting Edge has really grown up in the last three years. We began with a vision . . . of offering innovative products in a fun-to-read catalog, quick order-response time, and a commitment to service. And now that our annual readership numbers about 30 million (and growing!), we continue to uphold that vision more vigorously than ever.

Part of our success derives from using a team approach. We've linked up with some of America's most distinguished companies. Perhaps you've taken advantage of our Trans World Airlines air travel program. Or you may have seen us in the in-flight catalogs of United Airlines or Pacific Southwest Airlines. You may have ordered from our special "Everything Overnight" catalog, where we joined with Federal Express to offer you lightning-fast deliveries. Now you can find our catalogs in over 1,000 Walden Book Stores throughout the country.



Our Catalog Showroom is now open! 10:00 A.M. - 5:00 P.M., Weekdays

We believe that the idea of teamwork is vitally important. And the most significant player on the Sporting Edge team is you. For if we can convince you to join the Sporting Edge "team," by ordering from our catalog and letting us know how we might serve you better, then we'll both "win." You'll have a high-quality product you can try for 30 days without obligation (few retail stores would allow that). In addition, we guarantee that every product will perform flawlessly for a full year (no other catalog company does that!).

Another plus is our pricing policy. *If you find a product advertised for less, within 30 days of purchase, send us the clipping and we'll mail you a refund for the difference.* And our deferred payment plan (see reverse side) gives you the freedom to buy just about anything in our catalog.

So here's an invitation to join the Sporting Edge team. Give us a tryout soon. I personally guarantee you'll be more than pleased.

Why Shop Sporting Edge?

Our Catalogs Are Fun To Read!

Sporting Edge is like no other catalog. First of all, it's a *fun* place to shop. Our catalog production team takes pride in creating pleasing visual designs, imaginative photographs and engaging writing. It's our job to put together attractive catalogs, every issue of which you'll really enjoy. You probably get a lot of other catalogs in the mail, but ours stands out because we really care about pleasing you. We make shopping by mail easy . . . and entertaining.

All Catalog Companies Are Not Equal!

Our wide-ranging selection of products is unique in the catalog world. And we offer advantages that other catalog companies overlook. Like *one-year guarantees on every product, regardless of the manufacturer's warranty.* Most catalog companies offer only a 30-day guarantee . . . after that you're on your own. And a price guarantee that says *if you find the product advertised cheaper elsewhere, we'll refund the difference.* If that's not enough, Sporting Edge features a deferred payment program so you can *cut the price into more manageable chunks.* Sporting Edge easily edges out the competition when it comes to excellent service.

Products Not Available In Retail Stores

Browsing through these pages you'll probably discover products you never knew existed. *Many times they're so new that they haven't been introduced in retail stores yet.* You may be able to find some of them in a store somewhere in the world . . . but it's doubtful you could find them all under one roof.

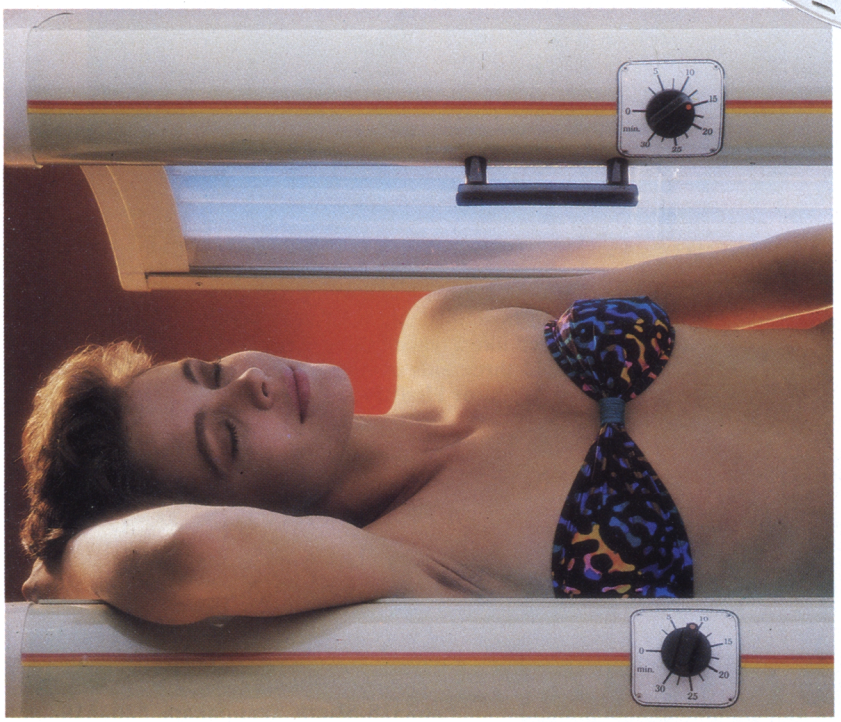
Bermuda Bronze Home Tanning Bed Brings The Tropics Into Your Home

"Bermuda's in the basement? You've got to be kidding!"

If you're now making regular visits to a tanning salon, maybe it's time to think about the merits of tanning *at home*. And there's no better choice than our American-made, professional-quality Bermuda Bronze tanning bed.

The Bermuda is simply the most technologically advanced home tanner you can buy. A new *electronic* ballast reduces overall weight by 100 lbs., produces 25% more tanning power...and allows the 16 bulbs to reach full power instantly.



Home tanning keeps you looking fit and healthy when everyone else is as pale as a hospital invalid. Whenever the urge strikes...after a hard day's work or after a soak in the hot tub...you'll be able to enjoy the soothing pleasures of tanning...in complete privacy. And instead of paying several dollars each time you visit a salon, the Bermuda's long life means you'll pay just pennies per session.

The 16 Philips UV-A lamps are the standard of the industry. Manufactured in Holland, they have a life expectancy of at least 1000 hours. And don't give a thought to over-exposure. Although the contoured bed is so comfortable you'll probably fall asleep, the 30-minute, built-in timer shuts the lamps off automatically. Four large cooling fans prevent heat build-up. Stable metal frame and high-grade polymer, with designer accents. Operates on 110V AC. #471089 **Bermuda Bronze Tanning Bed $1999.95** *(200 lbs.)*

Studies have shown that to maintain psychologic health our bodies need daily exposure to ultraviolet light. So besides giving skin a golden, healthful tan, indoor tanning promotes mental health as well. That's nice to know during the long winter season.

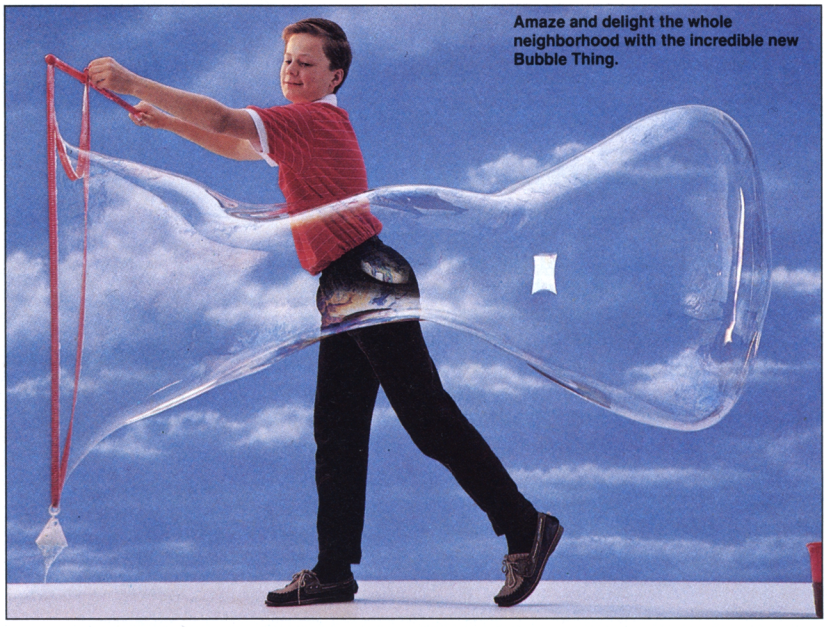
StairClimber not only gives your heart a fantastic workout, it trims the gluteus maximus and strengthens calves, thighs and hamstrings.

Climb Your Way To Peak Fitness With The World's First Portable Staircase

Athletes have long extolled the virtues of stair climbing as a superior form of conditioning. Far less stressful on joints than running, more concentrated than cycling or calisthenics, climbing stairs is a wonderfully vigorous workout. Now you, too, can benefit from this incredibly effective aerobic and muscle-building activity. Without ever leaving your bedroom.

Set the Aerobic StairClimber up in a corner of your home and you've an infinitely long set of thigh-building steps. Place your feet on the stirrups and grasp the strong, tubular steel frame. Select the resistance level by turning a knob. Now press down on the elevated stirrup. As that one goes down, the other goes up; the stirrups are connected by a steel cable looped around a series of pulleys. In about 30 seconds, your heartrate starts climbing. After a minute or two, your pulse ascends into the "target zone" for maximum cardiovascular benefit. #434050 **Aerobic StairClimber $119.95** *(29 lbs.)*

Anyone Can Create Bubbles As Big As A Volkswagen!



Amaze and delight the whole neighborhood with the incredible new Bubble Thing.

You've got to see it to believe it! Now you can blow the world's largest bubbles . . . up to 15′ in diameter . . . with the new miraculous Bubble Thing and ordinary dishwashing soap.

Designed by an award-winning architect, Bubble Thing is good old-fashioned fun for the whole family. This easy-to-use gadget lets you create giant, drifting bubbles that float through the air. With just a bit of practice you'll discover how to make twins, triplets, clusters, chains and giants.

Monster Bubble Thing makes bubbles up to 50′ long, or 15′ in diameter! The Giant Bubble Thing makes slightly smaller bubbles and is easier for kids to handle. Entertain the whole neighborhood this summer! #331030 **Monster Bubble Thing $12.95** *(1 lb.); Save $3.00!* **2 For $22.90;** #331031 **Giant Bubble Thing $10.95** *(1 lb.);* *Save $2.00!* **2 For $19.90** *(2 lbs.)*

Summer play is loads of fun with Alligator Float and Trappakaps.

Fearsome 'Gators Are Really Friendly Floats

Never mind the fearsome teeth or pointy, lifelike claws. Our lifelike alligator is really a sturdy float, made for pool and lakeside fun.

Authentically detailed like a real alligator, each float measures 126″ inflated and can hold three kids or one adult. A guaranteed family pleaser! #357805 **Alligator Float $49.95** *(5 lbs.)*

"Wild" Caps Delight Kids, Please Parents, Too

Your child is master of sea and land when he or she sports a handsome Trappakap. Made of cool and comfortable 100% cotton, Trappakaps are ideal for youngsters or adults. One size fits all. Machine washable. **Each $11.95** *(1 lb.):* #267318 **Shark Trappakap;** #267319 **Alligator Trappakap;** *Save $2.00!* **2 For $21.90**

Ski Horse Tracks Like A Bobsled, Thrills Like Rodeo Bronc Riding!

Planing fast behind a boat, the Puffin Ski Horse sheers through the water at upwards of 20 MPH, banking and turning with amazing stability. Shift your weight and fly across the wake. Hang on tight as you jump wave after wave, your hair whipping in the wind, squeezing with your knees just like a rodeo rider!

It's a new and incredibly fun way to test your balance and agility . . . while experiencing all the thrills of a bobsled run down the Matterhorn.

The Ski Horse is a special breed. Its innovative delta-wing shape gives it uncanny high-speed stability, especially on turns. A full 47″ wide and 88″ long, the Ski Horse effortlessly supports two adults, and the size makes for easy boarding in open water.

Wrap your legs around the contoured saddle with its no-slip ribbing and comfortable grip line. Made of high-density, heavy-gauge PVC, the hydrodynamic hull has electro-welded seams and three separate air chambers for lasting durability. Ride one soon! Harness rope and maintenance kit included. Made in the U.S.A. #357791 **Puffin Ski Horse $69.95** *(12 lbs.)*

High-Tech Snorkeling Gear Makes The Underwater World Crystal Clear

Beautifully matched Tekna snorkeling gear opens up a new world of diving fun. . . for a lifetime.

Built to last a lifetime, Tekna's Aquanaut Series is among the very finest snorkeling gear in the world. And the best looking, too.

The Aquanaut Mask matches a wide-angle, single-window design with a sculpted polycarbonate frame. The surgical-grade silicone flange provides a perfect seal on your face, and won't deteriorate.

You'll free-dive with less fatigue using an Aquanaut Snorkel. Upon surfacing, 90% of the water trapped inside the barrel is *automatically* purged out. So you'll clear it easily every time.

Designed to provide explosive power with minimum thrust, the Aquanaut Fins are the first to use a translucent Spectraflex™ blade. They're so tough Tekna guarantees them for a lifetime. Push-button buckles adjust quickly and swivel 30° for easy entry and exit.

Each component is color matched. For style, comfort and performance, Tekna's Aquanaut Series is a winner in every ocean. Specify Cobalt Blue or Sunset Red. #357900 **Tekna Mask $54.95** *(1 lb.)*; #357901 **Tekna Self-Drain Snorkel $24.95** *(1 lb.)*; #357902 **Tekna Spectra-Fins** *Specify M(7-9) or L(9-11)* **$94.95** *(3 lbs.)*; #357903 *Save $15.00!* **All 3 For $159.95** *(5 lbs.)*

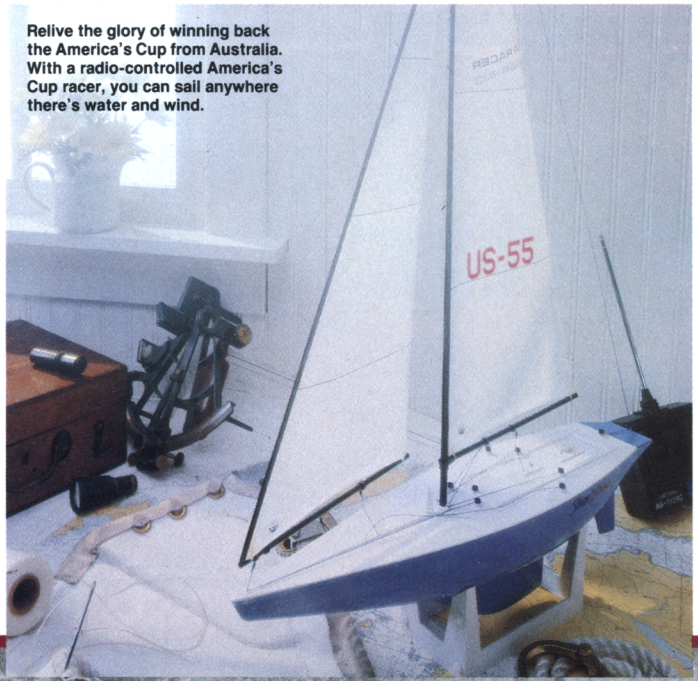
Affordable, Radio-Controlled Boats Reach "Speeds" Of 140 MPH!

Your Hurricane Racers are idling quietly at the starting line. The water's glassy calm, but your heart is pounding furiously. When the starter yells GO, you and a friend squeeze the triggers of your pistol-grip controllers. Instantly each boat's *twin* 11,000 RPM Mabuchi motors rev up, and the sleek ocean-racer hulls rocket over the water at scale speeds of *up to 140 MPH!*

Knifing through chop, flying over waves, Hurricane Racers are easily controlled, even by a child, with the "ship's wheel" rudder control and trigger-style throttle. It's far easier to use than "joystick" controllers. And if the boats exceed their 70′ range, an electronic sensor automatically guides them back.

The sleek, 16″ hulls have a fast, "Miami Vice" look, expertly crafted of a crash-proof composite of ABS and styrene. Twin metal screws and steel drive shafts give them a tight turning radius. Experience all the thrills of ocean powerboat racing. . . in any body of water. . . with this superbly designed duo. Separate frequencies for each boat. Each uses three D and two 9V cells (not included). Specify Red or Blue. #421811 **Hurricane RC Racer, Ea. $59.95** *(4 lbs.); Save $20.00!* **2 For $99.90;** #363649 **3 D & 2 9V Alkaline Battery Kit** (one kit per boat) **$11.95** *(1 lb.)*

Relive The Excitement Of The America's Cup Race. . . As You Skipper Your Own 12-Meter Radio-Controlled Model



Relive the glory of winning back the America's Cup from Australia. With a radio-controlled America's Cup racer, you can sail anywhere there's water and wind.

The Cup's back! Thanks to the determination and skill of Dennis Conner and his crew, the U.S. recaptured sailing's most coveted trophy. And now you can experience all the excitement of the America's Cup Challenge Series. . . in any pool or lake.

Our radio-controlled scale model of an America's Cup-style 12-meter yacht lets you make tactical racing decisions just as Dennis Conner made in the heavy seas off Australia. You can even join one of the many racing fleets springing up across the country. With a range of 500′, the transmitter lets you tack instantly by changing the position of the rudder and two sails.

Precision-engineered ABS hull. Three sets of polyester sails. Fiberglass mast. "Dry dock" stand. Stainless steel and nylon fittings. Three weighted racing buoys. White hull can be painted any color (Conner's boat is blue). 47-page manual guides you through the easy assembly and teaches sailing basics. Requires 10 AA batteries (not included). #421815 **America's Cup Racer $189.95** *(4 lbs)*; #363121 **10 AA Alkaline Cells $9.95** *(1 lb.)*

Far less harmful than tanning under the sun or at many commercial salons, the Pro Tan 6000 Max represents a significant breakthrough in technology, design and price.

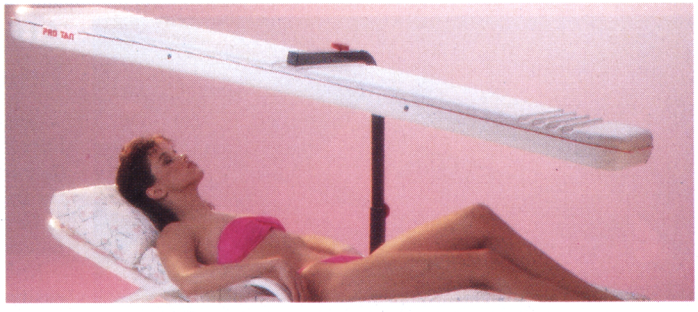
New Wolff-Designed Bulbs Tan You Faster & More Economically At Home . . . Without Burning!

Compact and affordable, the Pro Tan 6000 MAX now tans you faster than any other home tanner. That's because it's the only one using new bulbs developed by Friedrich Wolff, "the father of indoor tanning." Pro Tan's six MAX bulbs tan 2-3 times faster than other bulbs . . . in as little as one hour, you'll start to see results! The Pro Tan 6000 MAX is still amazingly affordable, half the weight of comparable machines, and consumes very little space.

At commercial salons and under the sun, it's a high percentage of UV-B rays that can cause burning (but they're also necessary to start the tanning process). If UV-B rays are reduced too much, tanning takes a long time. So Wolff created a new bulb that triggers the tanning process at minimal exposure levels. Called the MAX Lamp, it emits just .4% UV-B, about half the UV-A rays of most lamps, and has a built-in reflector system. It's simply the fastest tanning lamp available on a home unit.

The superbly designed canopy adjusts easily . . . from horizontal to vertical or any angle in between. You can tan while lying in bed, sitting in a chair, or standing. And it's far cooler and quieter than commercial tanning beds. Made in the U.S.A. of aluminum and ABS polymer, the Pro Tan is rugged, comes completely assembled, and operates on standard household current.

Folds into a thin 9x31x75". Roller wheels make it easy to push into a closet or against a wall.



If you're thinking about paying cash to join a tanning salon, remember this: Pro Tan offers the equivalent of 1,500 30-minute sessions! You'll be spending only pennies per session instead of several dollars.

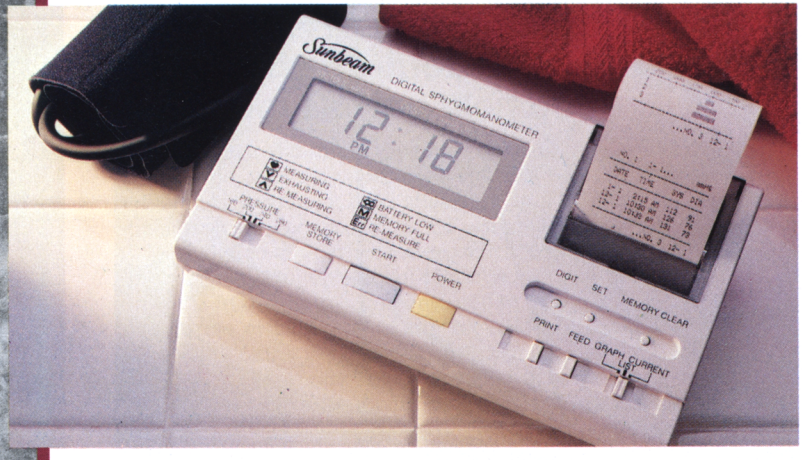
Electronic Monitor Takes Your Blood Pressure and Pulse Automatically



Life in the 1980's isn't kind to the heart. We endure withering bouts of stress, eat foods of dubious nutritional value, exercise rarely, if at all. It's no wonder heart disease is so pervasive. To combat this silent killer, it's extremely important to take frequent blood pressure readings, which is by far the best way to track heart fitness. With a Sunbeam Monitor, it takes only seconds . . . but could add years to your life. You'll know when it's time to change a diet or exercise program, or when stress is building to the breaking point.

All you do is wrap the cuff around your arm, closing it with the velcro tab. Press the POWER and START buttons and the cuff automatically inflates. Then watch the LCD display as a microprocessor reads and records blood pressure and pulse. Both readings flash on the display until the power is turned off. The Deluxe model has a 14-reading memory, built-in printer with handy graph functions, and a clock. Deluxe requires 4 C cells and the Standard 4 AA cells (not included). #436110 **Sunbeam Deluxe Heart Monitor $149.95** *(4 lbs.)*; #436111 **Sunbeam Standard Heart Monitor $99.95** *(3 lbs.)*; #436112 **Optional AC Adaptor $24.95** *(1 lb.)*

German-made Novafon emits soothing sound waves into tired, sore muscles and joints. Includes case, 7′ cord, and 2 heads. 1 year warranty.

Sonic Waves Relieve Aches and Pains Of Sore Muscles & Joints!

As we get older our bodies begin nagging us with small, aggravating pains. Just little things, usually...sore muscles or joints, strained tendons or ligaments...but they take longer to recover the older we get.

A dab of Ben-Gay gives temporary relief, a good massage does wonders, but what's really needed is deep-down penetration and stimulation.

That's exactly what you get from this remarkable healing device from West Germany called a Novafon. It generates mixed frequencies of sound, up to 10,000 oscillations per second, that penetrate up to 2¼″ into body tissues. Within minutes, blood circulation goes up . . . and pain melts away. Over a half million Novafons are in use worldwide. Athletes, coaches and trainers use and endorse them, as well as doctors and therapy centers.

Crafted of a strong and lightweight metal alloy, the Novafon has no moving parts to wear out. It will give you years of relief from small and large pains. 1 year warranty. #462770 **Novafon $159.95** *(2 lbs.)*

Home Spa Converts Your Bath Into A Soothing Hot Tub!

Instead of installing an expensive hot tub in your home, why not transform your bathtub into one? Nothing relaxes a work-worn body like a Home Spa hydromassage. In the base unit, which is made of polymer and sits on the bottom of the tub, are hundreds of tiny air holes. When air is pumped through them, bubbles rise to the surface in a stimulating rush. You'll be amazed at how quickly your body reacts...within minutes stress oozes away and you're floating into a quiet, peaceful state. And if you suffer from muscle or joint injuries (from sports or work) or illnesses such as arthritis or bursitis, you'll especially appreciate its therapeutic effects.

A switch controls bubble speed, and a timer shuts the pump off automatically. Start enjoying all the pleasures of a hot tub/jacuzzi...for a fraction of the cost! #538090 **Home Spa $99.95** *(10 lbs.)*

At just $99.95, the Home Spa provides the same stimulation and relaxing effects as units that cost hundreds of dollars more.

For Anglers Going Places...A Daiwa Executive Spin/Cast Travel Kit

Executive Travel Packs are for anglers who are going places. Keep one in your car, boat or trailer and you'll always be ready when the big ones are biting.

And you'll be able to match what's on their menu, since this system has both a spinning reel for chucking lures and a fly reel for imitating bugs.

The rod is a 6½′ graphite model that breaks down into five pieces. It can handle ⅛ to ¼ oz. lures on 4# to 8# monofiliment, or 5# or 6# flyline. All this, including a small tacklebox, is neatly housed in a sturdy attache case. #345800 **Daiwa Executive Travel Kit $119.95** *(5 lbs.)*

ProGolf™ Sharpens Golf Skills As It Entertains You For Hours

Amazingly realistic, ProGolf's™ LCD screen dramatically portrays each shot you make on its challenging 18-hole course. Not only is it great fun, you'll pick up tips that can help your game.

You select one of 12 clubs. An LCD display shows how many yards you have to go. Press a button and watch the club rise into a backswing. Press it again to start your swing, then again to hit the ball. Timing counts...press too early and you'll slice...too late and you'll hook. Each hole has its hazards...water, sand, trees, dog legs. After your swing, the screen shows your ball's new lie, the green looming closer with each shot. Automatic scoring for 1-player stroke games, 2-player stroke, or 2-player match play.

Try a pocket size (7×3½×¾″) ProGolf computer soon. It lets you enjoy all golf's pleasures...rain or shine, anytime of year. Includes map of each hole (18) and batteries (200-hour life). #413400 **ProGolf $69.95** *(1 lb.)*

Fighter-Tough F-16 Sunglasses Reinforced With High-Tech Carbon

What do Air Force fighter planes and these extraordinary new sunglasses have in common? Carbon fiber construction. Used in the wings of the most advanced fighters and the frames of our exclusive F-16 glasses, carbon fiber is twice as strong as steel at 1/6th the weight. Strong and unbelievably lightweight (1.1 oz.!), our F-16s can endure the most punishing abuse.

And they have lenses to match. Made of the latest generation of photochromic glass from Japan, the Rapide lenses change color almost as quickly as the sun's intensity does. They block 20% of visible light under cloudy or hazy conditions. Under full sunlight, the lenses darken in seconds to block 70% of visible light. And they're ground and polished to the very highest optical standards. This summer, and for many summers to come, protect your eyes with the sunglasses built fighter-tough. #292745 **F-16 Sunglasses** ~~$59.95~~ *(1 lb.)*

Photochromic Rapide ground glass lenses adjust with the sun's intensity to block between 20-70% of visible light!

Now Easily Carry Your Suit Bag...Hands-Free...On And Off Planes And Through Airports!

Your connecting flight is only minutes away from departure. Though you're carrying enough for a 3-day business trip, you're running through the airport corridor with a miler's easy stride. Lucky you brought your Hands-Free Suiter™!

With a Hands-Free Suiter™, your arms are always free...to swing back and forth naturally, open doors, carry packages or a briefcase.

You make the plane with seconds to spare, hanging your Hands-Free Suiter™ in the space of an ordinary suit bag. At the hotel, unzip the handsomely finished, soft leather rear compartment and everything you need is neatly stored and easy to reach. Two or three suits hang in perfect condition. There's a large zippered upper pocket for shirts and underwear, and three lower kangaroo pockets for shoes and a toilet kit.

Unzip the detachable front leather case and you have an elegant portfolio for meetings and conferences...a zippered outside pocket in the rear holds airline tickets or a passport, easily accessible.

Unburden yourself from awkward conventional luggage. Travel in hands-free, relaxed style from now on. Order our exclusive Hands-Free Suiter™ today. Black top-grain cowhide resists moisture. #601710 **Hands-Free Suiter™ $219.95** *(6 lbs.)*

Available exclusively from Sporting Edge, the Hands-Free Suiter™ lets you carry enough for a 3-5 day business trip...without using your hands.

Unzip the detachable front leather case and you have an elegant portfolio for meetings and conferences.

Made of soft and exquisite top-grain American leather, Hands-Free Suiter™ is carefully crafted. With ample reinforcements at all stress points and high-quality stitching, it's made for years of rugged use. Inside the rear compartment are storage pockets for shoes, shirts, underwear, toilet kit. And, of course, room for two or three suits.

Classically styled, the patented Hands-Free Suiter™ drapes over your shoulder in perfect balance. Textured pigskin leather at the shoulder prevents slipping. Adjustable side strap (not shown) with quick release prevents the Suiter from slipping off.

World's first rotary wet/dry shaver also includes new unique, automatic voltage adjustment for worry-free use overseas. Overnight charge is enough for a week's worth of extraordinary shaves...wet or dry!

Wet or Dry? It's Your Choice With Panasonic's New, Wet/Dry *Rotary* Shaver

Panasonic has just reinvented the electric shaver. The Roto-Charger is a rugged world traveler, as much at home in Bombay as it is in Boston. And it offers something that no other electric can...the convenience of a dry shave *and* the incomparable closeness of foam and a blade.

If you're in a hurry, opt for a fast, smooth dry shave. Thanks to a rotary, double-action blade system and tool-steel construction, the Roto-Charger can handle the toughest beards. Cleaning has never been easier ...just slide the ring up and hold it under the tap. Water can't hurt it.

For special occasions, treat yourself to a wet shave. Foam's moisture soaks into hair, helping it stand out so it's easier to cut. But instead of a straight blade, you've got a face-saving rotary. It glides over corners and clefts...and cleans up fast. Touch a button and up pops the built-in trimmer. #531902 **Wet/Dry Roto-Charger $69.95** *(1 lb.)*

Tekna's Compact 1 oz. Cardwriter Hides Pen, Paper, 10 Business Cards

You're at a business conference, talking to a potential customer, when you reach into a shirt pocket for your Tekna Cardwriter. You pull out its hidden telescoping pen, which fits your hand perfectly. Then you press two hidden buttons that open a panel, revealing a pad of note paper. He's obviously curious about this cleverly designed gadget, but doesn't want to appear too impressed. But when you snap open yet another hidden door at the bottom and pull out a business card, it's more than he can take. "All right, what is that thing?" he asks. You tell him. And he definitely remembers you when you telephone the next week to make the sales pitch. "OK," he says, "but on one condition... tell me where to find one of those Tekna Cardwriters!" Specify Black, Gray, or Burgundy. Cardwriter refill contains 1 ink cartridge and 5 note pads. #525012 **Tekna Cardwriter $14.95** *(1 lb.); Save $2.00!* **2 For $27.90** *(1 lb.);* #525011 **Cardwriter Refill $5.95** *(1 lb.)*

A little larger than a standard business card, Tekna's Cardwriter holds a pen, pad of paper, and a compartment for 10-12 business cards.

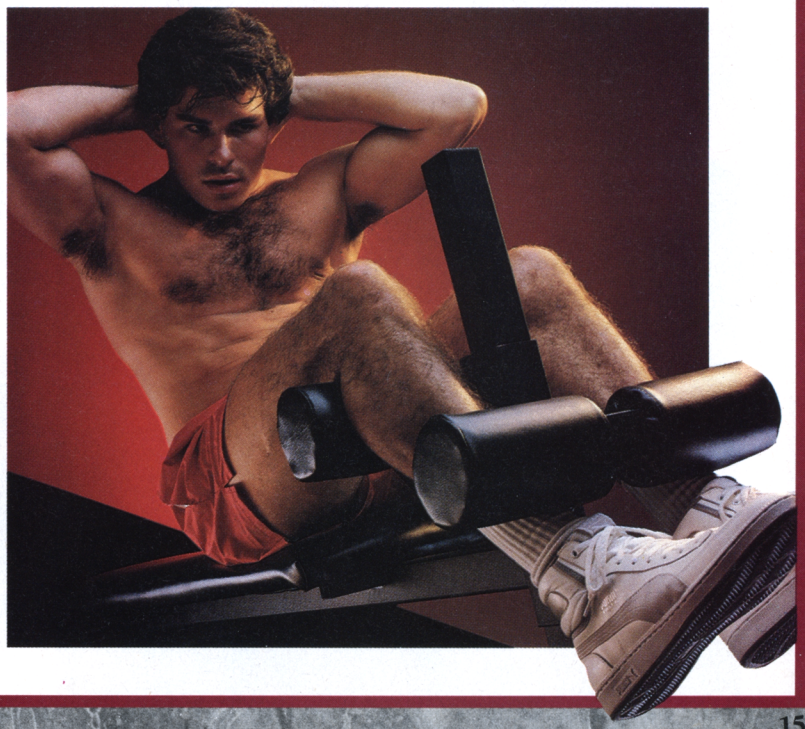
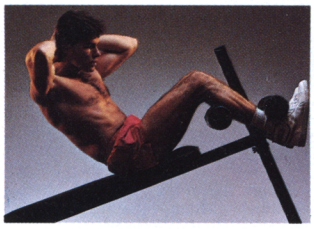
New! Only This Sit-Up Board Lets You Do All Five Known Sit-Up Exercises!

Most sit-up boards are uncomfortable and have limited versatility. But the Abdominator™ lets you select *any of four different stomach exercises,* to isolate and define all abdominal muscle groups. Do standard sit-ups or, for faster results, bent knee crunches and sit-ups. *Plus* it has a dynamite fifth exercise for strengthening your lower back and buttocks.

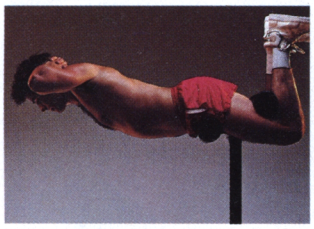
A strong stomach not only makes you look better, it aids in the performance of almost any sport and reduces back strain. The Abdominator is designed to give you a lean, flat abdomen ...and a strong back...in a surprisingly short time.

Made of heavy-gauge steel coated with a sweat-proof paint. Quick-change components. All body-contact points are padded and covered with easy-to-clean vinyl. Say goodbye to the bulge ...with an Abdominator. #434045 **Abdominator $129.95** *(48 lbs.)*





Do concentrated bentknee sit-ups safer and easier without back strain.



Only the Abdominator™ lets you do back-strengthening hyperextension exercises.

Get a full, restful night of uninterrupted sleep . . . every night!

Anti-Snoring Device Proven Effective

If you're one who snores, or know someone who is, consider this ingenious device. The Snore Stopper fits comfortably around the arm with its elastic band. An audio sensor detects the first sounds of snoring, then emits a gentle static pulse. The pulse travels through the nervous system to the brain, where it interrupts the snoring pattern . . . without disturbing the wearer's sleep. Proven effective and absolutely safe. #452601 **Snore Stopper $39.95** *(2 lbs.)*

Soothing Sounds From Nature Give You Restful Deep Sleep . . . All Night Long

Ever wake up in the morning, hear rain pattering softly on the roof, and drift serenely back to sleep? That's because the steady, so-called "white noise" of moving water masks other sharp sounds, creating a soothing, relaxed atmosphere, cleansing the brain of extraneous thoughts.

The Marsona Sound Conditioner synthesizes the sound of falling rain, a waterfall or the gentle lapping of the surf. Simply plug it into any 110V outlet, select the mode, and set the volume and tone controls. Now you're ready to bask in the realistic sounds of flowing water. The Marsona even allows you to fine tune the rate and range of the surf.

Turn it on when irritating noises disturb you. You'll work more efficiently, go to sleep faster. Barking dogs, noisy neighbors . . . even a snoring spouse won't bother you. #511400 **Sound Conditioner $129.95** *(4 lbs.)*

Condition sound with "white noise" . . . long recognized by scientists as effective in masking out unwanted noise that interferes with relaxation, sleep or work.

New! Razor Combines The Ease Of An Electric With The Precision Of A Twin-Trac Blade

Freedom Shaver's vibrating head eliminates razor "drag," cuts, nicks and ingrown hairs. *And shaves you closer and faster than any other shaving system!*

Inside its balanced, waterproof case is an oscillating micro-motor that rapidly vibrates a standard twin-trac disposable blade.

The blade seems to float smoothly across even the most difficult areas. Its vibrating motion relaxes taut skin, so the blade cuts further down on the hair follicle than a standard razor possibly can.

Because it even works while fully immersed, Freedom Shaver can be used in the shower or bath . . . easily cleaned under the tap. Includes recharger (Overnight charge lasts about 2 weeks). Two-year warranty. Made in U.S.A. Experience the closest, most comfortable shave imaginable. Black or Mauve. #531904 **Freedom Shaver $39.95** *(1 lb.)*

Freedom Shaver is the most revolutionary idea in shaving in years! Its vibrating head adds comfort and speed to the art of shaving with a razor.

Now you can interchange brushing heads, so the whole family can use Interplak!

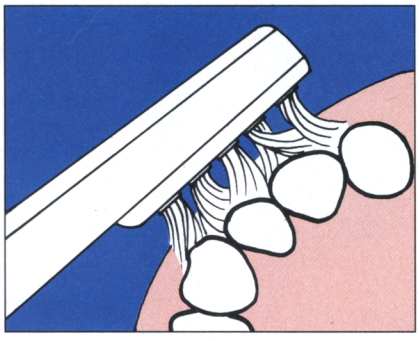
New! Bristles Rotating At 4,200 RPM Remove 98% Of Harmful Plaque

Research has shown that brushing with a manual toothbrush *removes only about 48% of disease-causing plaque.* Despite your best efforts, over half the plaque is left on your teeth after brushing. Tartar deposits build. Gum disease and tooth decay begin. Eventually, you'll get to know your dentist better than you want to.

But you can do something about it now, before the bills mount up. Replace your old toothbrush with a revolutionary Interplak Rotary Toothbrush. In the time it takes to brush with a standard toothbrush (about one minute), *Interplak removes 98% of the plaque on your teeth.*

Plaque is the sticky, invisible bacterial coating that forms naturally on teeth. It's difficult to remove, especially from between teeth and underneath gums. If left unchecked, plaque causes periodontal (gum) disease, which strikes *4 out of 5 adults sometime in their lives.* Why is Interplak far more effective than any other toothbrush . . . even other electrics? Because instead of the entire head merely sweeping up and down, Interplak's 10 bristle tufts *rotate at a rate of about 4,200 revolutions per minute.* The tufts' special configuration enables them to scour around and between teeth, and beneath gums . . . thoroughly and gently. And to prevent the tufts from "skating off," each set turns 1½ times one way, stops, then rotates 1½ times the other way, reversing 46 times a second.

Interplak's unique counter-rotational bristles spin at 4,200 RPM, removing twice as much plaque as a conventional toothbrush in the same time.



A study conducted by Loyola University's School of Dentistry concluded that Interplak removed 98.2% of plaque from subjects' teeth. Manual brushing removed just 48.6%

Includes recharger, 3-speed control, 2 color-coded brushing heads, owner's manual. Invest in your future dental health . . . try an Interplak soon. #537110 **Interplak Rotary Toothbrush $99.95** *(5 lbs.)*; #537111 **Extra Rotary Brushing Head $12.95** *(1 lb.)*

Gear-Driven Cleaning Brush Makes All Outdoor Washing Chores Fast And Easy

The Swirlon Mark II is a rotary cleaning brush that *transforms a garden hose into a powerful and time-saving scrubbing machine.*

Chores like washing cars, boats, RVs, windows and patio furniture become quick and incredibly easy. All you do is move the brush over the surface. . . Swirlon does the rest!

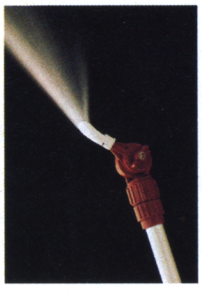
The heart of the system is a 5″ inner brush driven by water pressure. With its 3 to 1 gear ratio, Swirlon easily converts even low water pressure into gentle, effective cleaning power. Optimum brush angle (even under roof eaves) is assured by the 11-way adjustable head.

A translucent reservoir holds enough liquid soap for two complete car washes. The control valve on the handle governs the flow of both water and soap.

For fast rinsing, the Deluxe Swirlon has a screw-on jet spray nozzle and wide-radius fan tip. And two 24″ aluminum extenders for washing windows, boats, RVs, planes, etc.

Both Deluxe and Standard Swirlons come with brush and control handle with soap reservoir. Made of durable polymers. Trade in "elbow grease" for a potent. . . yet gentle. . . Swirlon! #396000 **Swirlon II, Standard $19.95** *(3 lbs.);* #396001 **Swirlon II, Deluxe $29.95** *(4 lbs.)*

With a 3 to 1 gear ratio, Swirlon converts even low water pressure into incredible cleaning power.



The Deluxe Swirlon comes with a screw-on fan tip for fast rinsing.

Tan Safely Wherever You Go . . . While Wearing An Attractive Shirt!

TopTan shirts take the "work" out of working on a tan! When you're sightseeing, playing tennis or golf, a TopTan permits slow, even tanning. . . without unsightly lines at the neck and arms.

The secret is the specially knit, 100% cotton pin-stripe fabric that lets the sun's tanning rays through. Your skin will turn a deep, golden brown about as fast as it would with a SPF-10 sunscreen. And you'll never have to bother with messy and expensive chemical sunscreens again!

Incredibly cool and comfortable, TopTans are fashionably tailored, carefully crafted in the U.S., and will not shrink.

Men's style has a 3-snap placket, comes in three colors. Women's style has a scoop neck and pin-stripes, comes in Blue or Cranberry. Men's style comes in Blue, Cranberry and White with Blue Pinstripe. Men's and Women's sizes: S/M/L/XL. Specify color and size. #471514 **TopTan Shirt, Men's $29.95** *(1 lb.);* #471515 **TopTan Shirt, Women's $ 29.95** *(1 lb.)*

New Electronic Barbeque Makes Charcoal And Gas Obsolete

Everyone loves the taste of barbequed meats. And our solidly-engineered *electric* barbeque puts the fun back into barbequing. Taste one bite of meat cooked on an Omni-Que, and you'll agree. . . the flavor is incomparably delicious. For it's the *vaporizing of dripping meat fats, not charcoal,* that gives food that mouth-watering outdoor taste.

The Omni-Que's intelligent design incorporates a quick-start, 1750 watt heating element with thermometer that's ready to cook in 5-10 minutes. An energy efficient reflector utilizes 90% of the infrared heat that otherwise would be lost. Lower the lid for smoke flavor.

Omni-Que can handle the biggest cooking job. Rotisserie meat up to 10.5″ in diameter (a 14-lb. turkey, for instance)! A *porcelain-coated* grill (for easy cleaning) holds 12 hamburgers or 4 huge steaks. With the exclusive dual-level feature, you can adjust the angle of the heating element, allowing meat to be cooked rare or well-done *at the same time.*

The Pedestal Model is identical to the Deluxe except the Deluxe includes cart and rotisserie. Order yours today in time for a summer of barbeque fun! UL listed. #307452 **Deluxe Omni-Que $149.95** *(28 lbs.);* #307453 **Pedestal Omni-Que $99.95** *(23 lbs.);* #307454 **Optional Rotisserie $34.95** *(5 lbs.)*

Travel The World In Style With Our Elegant, Economical Voyager Ensemble

On a business trip to Paris, or working your way through Colorado's ski areas, you'll be proud to travel with the Voyager Ensemble.

Its extraordinary leather is actually a *hand-stitched* "patchwork" of small, asymmetric pieces. Made of genuine cowhide, it has an elegant yet subtly exotic appearance that's been popular in Europe for years.

With every stress point *double-sewn* for extra strength, the Voyager Ensemble is built to withstand years of rigorous use. Tough nylon zippers operate smoothly. And for total protection from the elements, each bag has a durable vinyl lining.

The Flight Bag *doubles as a Sports Bag* when you're not traveling. With built-in stabilizer straps to keep clothes neat and wrinkle-free, the Stowaway Bag carries an incredible load with ease. Carry up to three suits inside the roomy Garment Bag, with its large outer pocket and comfortable shoulder strap. And the highly functional Utility Case holds toiletries and other small items. #601742 **Voyager Ensemble** ~~$199.95~~ *(14 lbs.)*
$149.95

Throughout the world, the Voyager Ensemble draws admiring comments for its handsome styling and precise, *hand-sewn* stitching. Skilled leather craftsmen carefully cut, fit and join each asymmetric leather "patch" by hand.

Garment Bag: 40×22½×3″ (hanging size)

Utility Case: 9×6×4¾″

Flight/Sports Bag: 18½×11×4¾″

Handy Travel Aid Calculates Currency Conversions

Instead of struggling to figure out the dollar equivalent of, say, a train ride from Tokyo to Kyoto, now you can calculate the conversion with speed and precision.

Armed with a brilliantly simple X-Changer, you'll know instantly the cost in dollars of anything in any foreign country, from train fares to a porter's tip. And keep from being ripped off by those who prey on tourists.

It's a slender calculator that stores conversion rates in memory. Simply punch in a price in virtually any foreign currency, from pesos to deutschmarks, and the cost in dollars appears instantly on the screen. Clips to your belt or hangs around your neck from a nylon cord. Specify Black or White. #659720 **X-Changer $14.95** *(1 lb.)*

X-Changer is an ingenious travel tool. Enter the exchange rate of any foreign currency, and X-Changer holds it in memory. Now every time you enter a price in that currency, its dollar equivalent appears on the screen.

Box Carrier "Handles" It

Here's an ingenious compact carrier for awkward boxes that you'll especially appreciate when travelling, shopping, or moving. Wrap the sturdy nylon webbing like Christmas ribbon around almost any box. Snug it up tight and lift the box easily by the comfortable, polymer handle. 152″ of 1″ webbing. 11 oz. #601732 **Box Carrier $9.95** *(2 lbs.)*; *Save $2.00!* **2 for $17.90** *(4 lbs.)*

Anti-Jet-Lag Formula Offers Jet Age Relief For Air Travelers

Today, in a matter of hours, you can hurl your body into a time zone that's five hours ahead of the one it's accustomed to. Your travel-fatigued body is forced to cope with a day that begins hours too early, or ends hours too late, while it desperately tries to adhere to familiar time cues that don't exist anymore.

Sound familiar? Jet-lag hits almost every business traveler and vacationer . . . and can make the first few days of any trip torture instead of pleasure. But now you can actually beat jet-lag before it occurs with new Anti-Jet-Lag Formula Capsules.

Not a drug or a caffeine jolt, this safe and effective formula contains vital amino acids and vitamins that give you the energy you need to stay fresh and alert, even after long plane flights. Based on the U.S. Department of Energy's anti-jet-lag diet, just six tablets taken in one day will help your body adjust to new sleeping and active phases. Order a supply today. **Anti-Jet-Lag Formula:** #632000 **12-Day Supply $29.95** *(1 lb.)*; #632001 **30-Day Supply $49.95** *(1 lb.)*; #632002 **60-Day Supply $89.95** *(2 lbs.)*

Eliminate the body-numbing fatigue that spoils the start of most trips. Anti-Jet-Lag Formula helps keep you fresh and alert naturally . . . without drugs, sugar or caffeine!

A detachable lint brush helps keep garments clean, and the convenient fabric brush smooths garments while steaming. Comes with a travel pouch for easy stowing. #623200 **Steam Valet & Lint Brush $44.95** *(2 lbs.)*

Say goodbye to rumpled trousers and untidy wrinkled shirts. New Steam Valet keeps clothes looking great at home and on the road.

SensorLite Automatically Turns On When Visitors Approach . . . Friend or Foe

A prowler innocently cruises the sidewalk in front of your home. Observing no lights, he thinks he's found an easy mark. He creeps across the lawn toward the backyard. Instantly two floodlights blaze on, catching him in mid-stride. He freezes, panics and scurries away like a frightened rat.

He's been foiled by the amazing new SensorLite™. It's the outdoor lighting system that uses an infrared sensor to detect the presence of people and vehicles (range: 55×60′). A deterrent to burglars, it also welcomes you and your friends, safely lighting the way along dark walkways. When you're inside, it automatically shuts off, saving energy.

With fully adjustable aiming and sensing capability. Minimum range of 40′. The light stays on for 5 minutes after activation. To install, all you need is a screwdriver. Uses standard floodlight bulbs (500 watts max.). #361202 **SensorLite™ (Hardwire) $99.95** *(3 lbs.);* #361203 **SensorLite™ (Plug-In) $99.95** *(3 lbs.)*

Postronic Mail Detector . . .

It Radios An Alert To You The Instant Mail Arrives In Your Mailbox!

Transmitter (18x5⅝x¾″) installs in minutes into your existing mailbox. Receiver mounts easily in your home and receives signals up to 750′ away from your mailbox.

No more wasted trips to the mailbox . . . plus you get greater mail security! Let POSTRONIC™ Detector's sophisticated electronics inform you when mail arrives in your mailbox.

How many times have you walked out to your mailbox only to discover the mailman's late? Or he's been by but there's no mail for you? You've wasted time . . . and if the weather was nasty or it was a fair distance to walk, you might even have been a little miffed.

Well, you can change that quick as a wink. Just put our new POSTRONIC™ Detector on duty in your mailbox. From the comfort of your home, in fair weather and foul, you'll always know the moment your mail arrives.

Especially useful for older folks, the handicapped, and those who live in rural areas, POSTRONIC™ is the world's first wireless electronic mail sensor for roadside mailboxes. When the mailman opens the box and inserts mail, a photocell sensor activates a tiny, 9-volt transmitter. With a range of 750′, the signal is easily picked up by the powerful AC-powered receiver in your home, which alerts you with a flashing light and an audible alarm.

The only "installation" required is to drill a small hole in the bottom of your mailbox, from which the transmitter's antenna hangs.

With a POSTRONIC™ Detector "watching" your mailbox, you'll wonder how you ever got along without one. #371101 **POSTRONIC™ Mail Detector Transmitter/Receiver $89.95** *(4 lbs.)*

Radar Detector Replaces Dome Light For Discrete, Stylish Performance

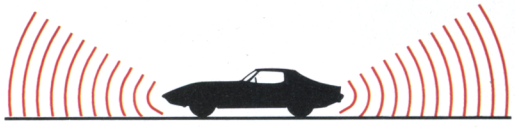
At last, a radar detector that doesn't *look* like a radar detector. Introducing the Panorama, the world's first *ceiling-mounted* detector.

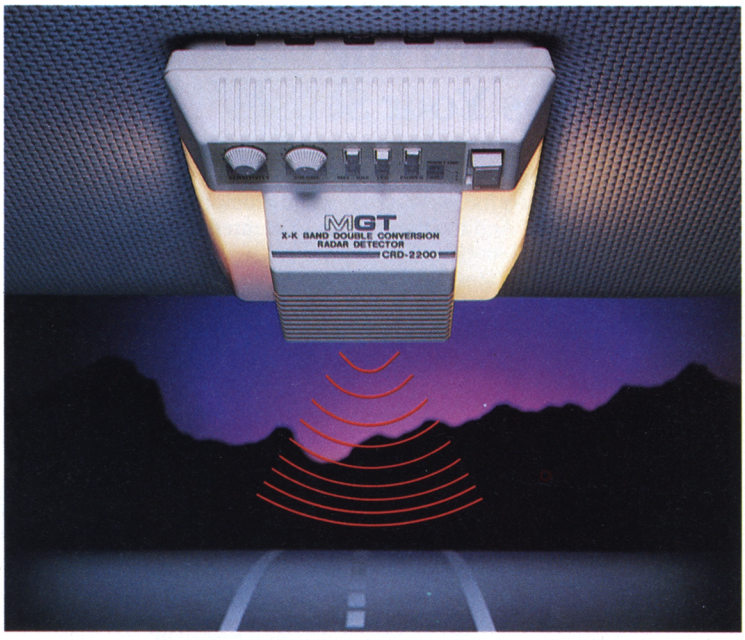
Attractively styled to complement any car's decor, it quickly and easily replaces your vehicle's existing ceiling lamp. This central position allows Panorama to *accurately detect radar from both the front and rear.* And because of its location and the absence of a dangling power cord, the Panorama isn't conspicuous.

Of course, Panorama features the latest in superheterodyne technology, with dual-band capacity (both X and K), non-interference circuitry, and audio/visual alerts. And it also has dual lamps with three modes: off, door-activated, constant on.

Discover the many advantages of a Panorama. Burglars don't notice it when they peer into your car. You never have to bother with set-up and storage. There's no power cord to get in the way.

Order a Panorama today. It's the brightest idea in radar detectors in a decade. Made in Japan. #613633 **Panorama Radar Detector $299.95** *(3 lbs.)*





The world's first ceiling-mounted radar detector picks up radar from both the front and rear. Compact and beautifully styled, it fits in with any car's decor.

Infralux, the original hand-held infrared therapy device, safely radiates heat deep into muscles.

Soothe Aching Muscles Fast With Infrared Heat

For years doctors and therapists have recommended heat for pain treatment. Hot baths and water bottles are fine, except they don't penetrate deep enough.

Infralux radiates safe, effective infrared heat up to 10mm under the skin...right where you need it... and gives fast relief from pain caused by arthritis, backaches, sprains, headaches, bursitis, and nearly any other musculoskeletal condition...without drugs or medication. Heating surface (3¼" wide) becomes warm...but never hot. Entire unit is 8" long. Uses standard 110V household current. #462769 **Deluxe Infralux $44.95** *(2 lbs.)*

Incredible, Australian-Made Sandals Massage And Stimulate Your Whole Body!

It's like having an all-over massage with every step you take. Masseur Sandals use a centuries-old principle discovered in the Orient...stimulating the bottoms of your feet affects the well-being of your entire body. Why? Because there's approximately 72,000 nerve-ends in your feet connected to virtually every part of your body.

Made in Australia, the Masseur has a footbed with hundreds of rubber nodules that gently massage your feet as you walk. Choose the Shearling Masseur, with its genuine sheepskin upper for cozy, cool-weather stimulation, the Slip-On version (with a velcro adjustment) or Ankle Strap for warmer climates. Men's or Women's even sizes: 4-13 (Shearling Masseur available only in sizes 4-10). **Shearling Masseur $34.95** *(2 lbs.)*: Men #225613, Women #225614; **Slip-On $24.95** *(1 lb.)*: Men #225617, Women #225618; **Ankle-Strap $29.95** *(1 lb.)*: Men #225615, Women #225616; **Insoles $8.95** *(1 lb.)*: Men #229619, Women #229620

Wearing a pair of Shearling Masseurs will make your feet feel incredibly pampered!

Hundreds of soft rubber nodules, each a different height, provide cushiony support and a fabulous massage at the same time.

Designed By Bill Blass, The New Yorker Watch Steps Out Of The Crowd

Watches today are boringly similar. Quartz movement. Digital display. Battery operated. Uninspired.

The New Yorker, however, takes a bold stance with its regal, Bill Blass styling, its 17-jeweled *precision movement,* and its clear and engaging view of what makes it tick.

In an era of cheap, mass-produced watches, the New Yorker relies on classic . . . and expensive . . . watchmaking technology. The New Yorker may be one of the few watches made today using a jeweled movement . . . 17 jewels are set at friction points to insure great durability. And the mineral crystal face *and* back let you marvel at the incredibly intricate internal workings.

From the Black onyx crown to the genuine leather strap, the New Yorker is a watch of eminent distinction. #291640 **New Yorker Watch, Men $149.95** *(1 lb.)*; #291641 **New Yorker Watch, Women $149.95** *(1 lb.)*

Ingenious Valet Helps You Sing . . . And Shave . . . In The Shower

When is a shower not just a shower? When you've got a Shower Valet to help transform a ho-hum routine into an extraordinary experience!

Now available in two versions, Shower Valets have detachable, waterproof, high fidelity radios, either AM/FM (Standard) or AM/FM/WB/TV (Deluxe). Listen to your favorite morning news or music programs (radio or television), find out about weather updates on the Weatherband, or keep abreast of traffic problems. The Deluxe model's digital clock keeps you right on schedule.

Then treat yourself to the amazing comfort of a *truly* wet shave. The Valets have everything neatly laid out for you: a fog-free unbreakable mirror, a shelf for shaving cream, and brackets to hold razors. Shave faster and smoother than ever before . . . because your facial or leg hairs are already moisturized.

Shower Valet turns your bathroom into an oasis of audio pleasure to help you start the day . . . or prepare you for a big night out. Self-stick mounting tape and de-fogger included. Requires 4 AA cells (not included). #537011 **Shower Valet, Deluxe $34.95** *(3 lbs.)* #537010 **Shower Valet, Standard $24.95** *(3 lbs.)* #363242 **4 AA Alkaline Cells $3.95** *(1 lb.)*

Styrene Shower Valet with fog-free mirror adheres to any surface, holds shaving gear and a waterproof AM/FM/WB/TV radio.

Motorized Rack Lets You Locate Ties, Belts Or Scarves Quickly

Organize your ties, scarves or belts as professional dry cleaners do . . . with a motor-driven rack. Press the button on Fast Track's front console and the 36 hangers rotate briskly around. In seconds, you'll find just the one you need to match your outfit.

Fast Track clips easily onto any closet rod. U-shaped hangers keep garments neat and wrinkle-free. *A built-in light provides illumination in unlighted closets.* Save time *and* space by ordering a Fast Track today. Uses 2 D cells (not included). #535050 **Fast Track $34.95** *(2 lbs.)*; #363646 **2 Alkaline D Cells $3.35** *(1 lb.)*

Wear The High-Tech Shades That Keep Your Vision Healthy And Sharp

Your present sunglasses could be doing enormous harm to your eyes. But you won't know it for years. Recent medical research has discovered that ultraviolet (UV) light, and not aging, is the *primary cause of many types of eye disease, including cataracts and retinitis.* But, incredibly, most sunglasses on the market are designed for fashion, not to block out harmful UV light.

Our classically styled Blue Guardians *block out 99% of lethal UV light, the maximum protection available.* And they also filter out 99% of *blue light* as well. Blue light has a very short wavelength, which the eye cannot focus properly. It's the light that blinds us in foggy or hazy conditions. By screening out nearly all blue light, Blue Guardians provide sharp, enhanced contrast in virtually any weather condition. For greater safety and pleasure while driving, skiing, or boating.

Order the sunglasses that could save your vision. Anti-scratch coating. Metal Frame or Clip-On. Carrying case included. #292750 **Blue Guardian Sunglasses $59.95** *(1 lb.);* #292751 **Blue Guardians, Clip-On $39.95** *(1 lb.)*

Blue Guardians block out 99% of vision-destroying UV and vision-blurring blue light. That's why so many professional pilots, exposed to massive doses of UV and blue light, wear them with confidence.

Clip-On Blue Guardians are available for those who wear prescription glasses.

Established in 1874, Gruen, an American company, has been crafting rugged, classically styled watches for over a century.

Gruen's Classic Diving Watch Combines Style And Function

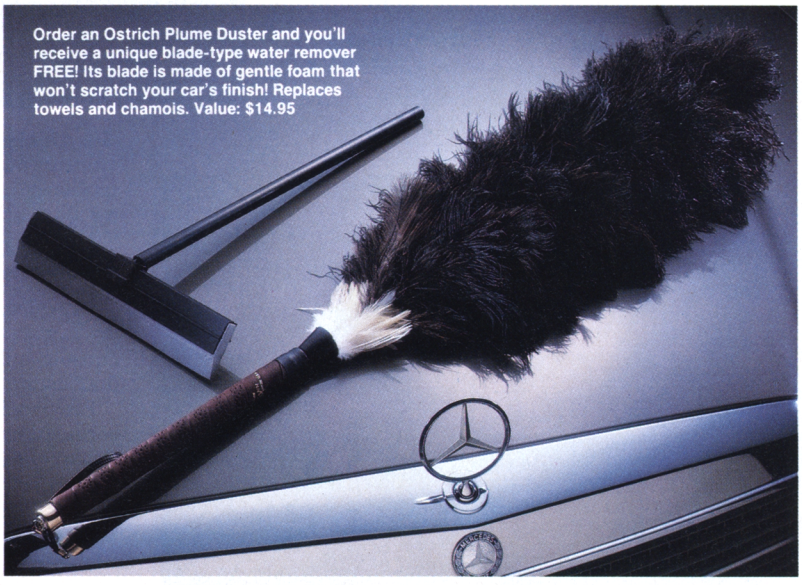
Soaring over Bimini's iridescent reefs in a SCUBA outfit, or taking a quick shower at home, you can rely on your Gruen Aquanaut to give you the right time. . . all the time.

Beautifully crafted of stainless steel, with 18K gold accents, it's a timepiece that's not only highly functional, but jauntily elegant. It looks great with just about anything in your wardrobe, from business suits to wet suits, from jeans and t-shirts to Bermuda shorts.

The Aquanaut's cleverly designed bezel is easy to grip, even with gloves. And like the best professional diving watches, the bezel is ratcheted so it moves only in one direction. The calendar window is magnified for easier viewing. And the hands and hour markers are generously coated with luminescence, so you won't have to squint to see the dial at night. Swiss quartz movement. Water resistant to 30 meters. Specify Gunmetal Gray or Matte Black. #291667 **Aquanaut, Men's $129.95** *(1 lb.);* #291668 **Aquanaut, Women's $129.95** *(1 lb.)*

Ostrich Plumes Beautify Your Car's Finish

Preferred by chauffeurs and car enthusiasts throughout the world, our genuine Ostrich Plume Duster keeps your car's finish looking factory-fresh. Soft and gentle, the plumes have millions of microscopic "barbs" that collect and hold dirt particles. Regular use prolongs the lustre and brightness of the paint. . . because you won't have to wash it as often with soap and water (which can be highly abrasive). Golf-type grip is custom-wrapped with top-grain cowhide. Sheath included. 38″ long. #612625 **Ostrich Plume Duster $99.95** *(2 lbs.)*



Order an Ostrich Plume Duster and you'll receive a unique blade-type water remover FREE! Its blade is made of gentle foam that won't scratch your car's finish! Replaces towels and chamois. Value: $14.95

Best Protection Yet Against Radar. . .At Half The Size & Cost!

Gul's new LookOut radar detector is just the ticket for making sure you never get one. . . at a price not much more than a single speeding violation. And while outperforming the highly regarded Escort Passport, the Gul LookOut costs $125 less.

Incredibly, the LookOut sports one of the most sophisticated radar detection systems available. . . in a console that fits easily into your shirt pocket: 4½×3⅛×⅞"! Its Superheterodyne circuit, controlled by a microprocessor, achieves an unparalleled level of performance. While the technology is complicated, the results are not. Independent tests confirm that the LookOut gives you greater warning time, with fewer false alarms, than nearly all competitors.

An exclusive Autocorrelator Digital Counter recognizes the fixed frequency of police radar, picking it out from background static. It locks in on weak police signals, not normally detectable, for early warning.

Unlike other detectors, the LookOut operates at full sensitivity on *both City and Highway settings.* Others simply reduce overall sensitivity in the city, leaving you exposed to well-positioned radar traps. But the LookOut silently "studies" weak signals from such sources as microwave alarms and door openers. If the signal increases, indicating police radar, the LookOut lets you know well in advance. Strong or abrupt signals, however, trigger an immediate alarm.

LookOut's exclusive R.I.D.™ (Radar Interference Defeat) identifies and rejects signals from other radar detectors that can cause nuisance false alerts. The Waveguide Microstrip Antenna detects radar around curves, over hills, even from behind. When it picks up a suspicious signal, you hear a series of thrills (KBand) or beeps (XBand) that last for six seconds. Visual warning from LED lights continues, changing as radar source gets closer. 8′ 12V car cord. #613629 **Gul LookOut Radar Detector $169.95** *(2 lbs.)*

Gul introduces rugged, sophisticated radar detection in a small, easily-concealed console. It clips inconspicuously to your visor or mounts on the dash with velcro strips.

Guaranteed for the life of your car, Super Wiper Blades are made of DuPont Nordel, the same material used on 50,000 mile radial tires. It *never* breaks down. Black metal frames. Specify year, make and model of your car. #611525 **Lifetime Super Wiper Blades, Pair $16.95** *(1 lb.)*

Make Derriere Discomfort Disappear

Increase your bicycle riding pleasure with these two proven cycling accessories. Both the Easy Seat and Shock Post are designed to eliminate the often painful discomfort of sitting on conventional bicycle seats.

The Easy Seat uses two adjustable padded cups to divide your "sitting" weight in half. Instead of all the pressure bearing down on your crotch, now it's born by both sides of your posterior. . . where nature intended. Each cup rocks forward independently for smooth pedaling. Fits most bicycles and exercycles.

The perfect complement to an Easy Seat is a bump-absorbing Shock Post. Its rubber dampener travels up and down about ⅜", soaking up vibrations from rough roads, potholes, and railroad tracks. Fits most bicycles. #155522 **Shock Post $12.95** *(1 lb.)*; #155521 **Easy Seat $24.95** *(2 lbs.)*

Two Line Answering Machine Is A Sophisticated Communications Center

Our professional-quality answering machine by Phone-Mate® is a modern day wonder that answers two lines, with a separate greeting for each line. It's perfect for people who conduct business at home, as well as small businesses and homes with two phone lines.

This answering machine is chock full of features. You can set the Phone-Mate to answer one or both lines, and screen your calls before you pick up the handset. After each recorded message, a synthesized voice will tell you the day, time and on which line each message was received. The LCD clock lets you know at a glance the number of messages you've received. If you travel often, you'll appreciate the beeperless remote which activates it from any Touch Tone® phone.

You can order the answering machine only, or the answering machine with two-line phone built-in. Tone/pulse switchable, the phone features a memory that stores and dials ten numbers, and also includes last number redial, on-hook dialing and adjustable ringer. One year warranty. #561010 **Phone-Mate Answering Machine With Two-Line Phone $259.95** *(6 lbs.)*; #561011 **Answering Machine Only $219.95** *(6 lbs.)*

Hi-tech answering machine answers two lines with a separate greeting for each line. Perfect for home and business.

Coupler Keeps Phone Cords Untangled

We've all struggled with it at one time or another . . . a telephone cord so knotted up you want to throw the whole telephone out the window. Several minutes are wasted trying to untangle it.

Well, someone finally came up with a clever and simple solution. It's a specially designed coupler called the Untangler™. Without tools, in just a few seconds, it connects the cord to your telephone's handset. A rotating joint allows the cord to move freely. Fits all standard telephones with removable cords. #561110 **Untangler, 2 for $9.95** *(1 lb.); Save $3.00!* #561114 **Untangler, 4 For $16.90** *(1 lb.)*

Home Office Center Keeps You Organized & Efficient

If you've got an office at home, you know how quickly materials tend to accumulate. Reports, newspapers, magazines, receipts. Before you realize it, you're swamped by a wave of paperwork.

Bail yourself out in classic style with one of our sturdy Oak Home Office Centers. It organizes materials neatly, so you'll be able to work in a more efficient and professional manner.

Made of solid oak and oak veneer, it has two large file cabinets. The upper file opens by lifting the top, and the bottom one is a conventional sliding drawer with lock. The middle compartment holds periodicals or items you use frequently. Move it easily on its brass casters. Brass nameplates, handles, lock. 18¼×15¾×34″. Assembly required. #505165 **Oak Office Center $129.95** *(45 lbs.)*

How Fast Is Your Fastball?

Whether you're an aspiring major league pitcher or the parent of a Little League pro, you'll find our new Radar Ball fun for every baseball enthusiast in the family.

Radar Ball's a remarkable new baseball that calculates your pitching and throwing speed from the time the ball leaves your hand 'til the time it hits the catcher's mitt. An easy-to-read digital display shows the speed in miles per hour.

Junior Radar Ball computes speed at a distance of 46′, the official pitching distance in Little League games. Pro Radar Ball computes speed at a distance of 60½′, the official pitching distance in Major League games. For pitching and throwing only (not batting). Official size and weight. Includes 1-year battery. #352105 **Junior Radar Ball $16.95** *(2 lbs.)*; #352106 **Pro Radar Ball $16.95** *(2 lbs.)*

Revolutionary Radar Ball actually clocks your pitching and throwing speed! Great fun for the whole family.

Splashy Water Pistol Game Scores "Hits" With Sound

Remember squirt gun battles when you were a kid? Well, the game's been updated a bit. Now there's Aquatech, a thrilling combination of high technology and old-time fun that your kids . . . and you, too . . . will love.

Strap on the electronic scoring target, load water (and batteries) into the motor-driven 9mm pistol, and you're ready to play. The ultimate water pistol, the 9mm can fire up to 150 "rounds" a minute at distances of over 20′! When you score a "hit" on an opponent's target, it sounds off with a high-pitched electronic sound.

Totally safe for youngsters of all ages, the battery-operated target has two metal electrodes in the center. When water touches them a circuit closes, causing the "hit" alarm to go off.

Play in teams, duel one-on-one, or, by setting up the target on its folding leg, hone your sharpshooting skills by yourself. A great way to develop eye-hand coordination. Aquatech provides hours and hours of summertime fun . . . at the beach or in the yard. For all ages. Batteries not included. #421033 **Aquatech Set** (includes two pistols and two targets) **$34.95** *(4 lbs.)*; #363656 **2-9V, 4 AA Alkaline Cells $9.95** *(1 lb.)*; #421031 **9mm Motor-Driven Watergun $9.95** *(1 lb.)*

Test Your Driving Skills With Our Wild-And-Woolly Off-Road Racer!

The terrain's formidable. Boulders everywhere... and potholes and mud and gravel. But your Scavenger Turbo is up to the challenge. You push the accelerator toggle of the remote control and the Scavenger, in high gear, peels out. Its oversize rear tires easily grip any surface. Heavy-duty spring-loaded shocks absorb all the jolts and strains.

Now you're tearing along at breakneck speed. Watch it! A big rock appears out of nowhere. You deftly move the steering toggle and the Scavenger nimbly avoids it. Around the next bend you encounter a steep hill. Switching into low gear, Scavenger powers up the grade. At the summit you stop for a breather and scout out the rest of the course. Then put Scavenger in reverse, change directions, and head out again.

Scavenger is the exciting and affordable way to get into off-road racing. You'll experience all the hair-raising thrills of a Baja 1000 race...in your living room, at a nearby park or in the wilderness! Heavy-duty construction. 11″ long. Order optional Ni-Cad cells and AC Recharger separately. Specify Red or White. #421807 **Scavenger, Remote Control $49.95;** *(3 lbs.);* #363659 **8 AA Ni-Cads With AC Recharger, 1 9V Alkaline Cell $29.95** *(2 lbs.)*

With an indoor range of 20′, and an outdoor range of 40′, Scavenger's Remote Control lets you race it across the roughest terrain...with ease.

Computer randomly selects target at any of 10 different speeds of play, keeps tabs on your score.

Sharpen Your Aim & Have Exciting Fun With Safe, Laser Shooting!

Hour upon hour of exciting fun awaits you with our new Laser Shooting Game. With a squeeze of the trigger a pinpoint beam of harmless light bursts out of the barrel toward the electronic target.

The objective is to shoot at one of three reflecting targets on the computer-controlled, wall-mounted base. A red LED lamp in each of the targets tells you which one to hit. If your aim is true, the target bleeps and tallies your success on a digital LCD. The lights come on in a random pattern to sharpen your reflexes, either at warp speed for experts, or a more manageable impulse velocity for beginners. There are 10 different levels of play in all. Digital scorekeeping display functions as a regular LCD clock when not in use. Laser Gun uses 4 AA cells while the target requires 2 AA cells. Batteries not included. #421016 **Laser Shooting Game $59.95** *(3 lbs.);* #363650 **6 AA Alkaline Cells $5.95** *(1 lb.)*

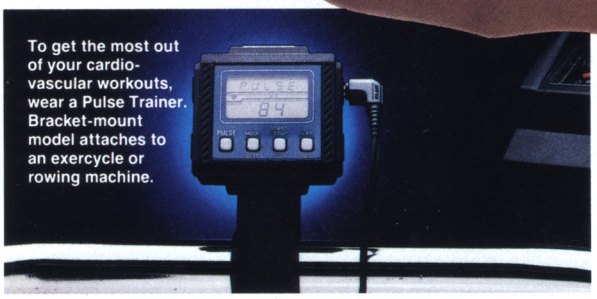
Pulse Trainer is the ideal "coach" for those devoted to aerobics, cycling, cross-country skiing, running, rowing or any other cardiovascular sport.

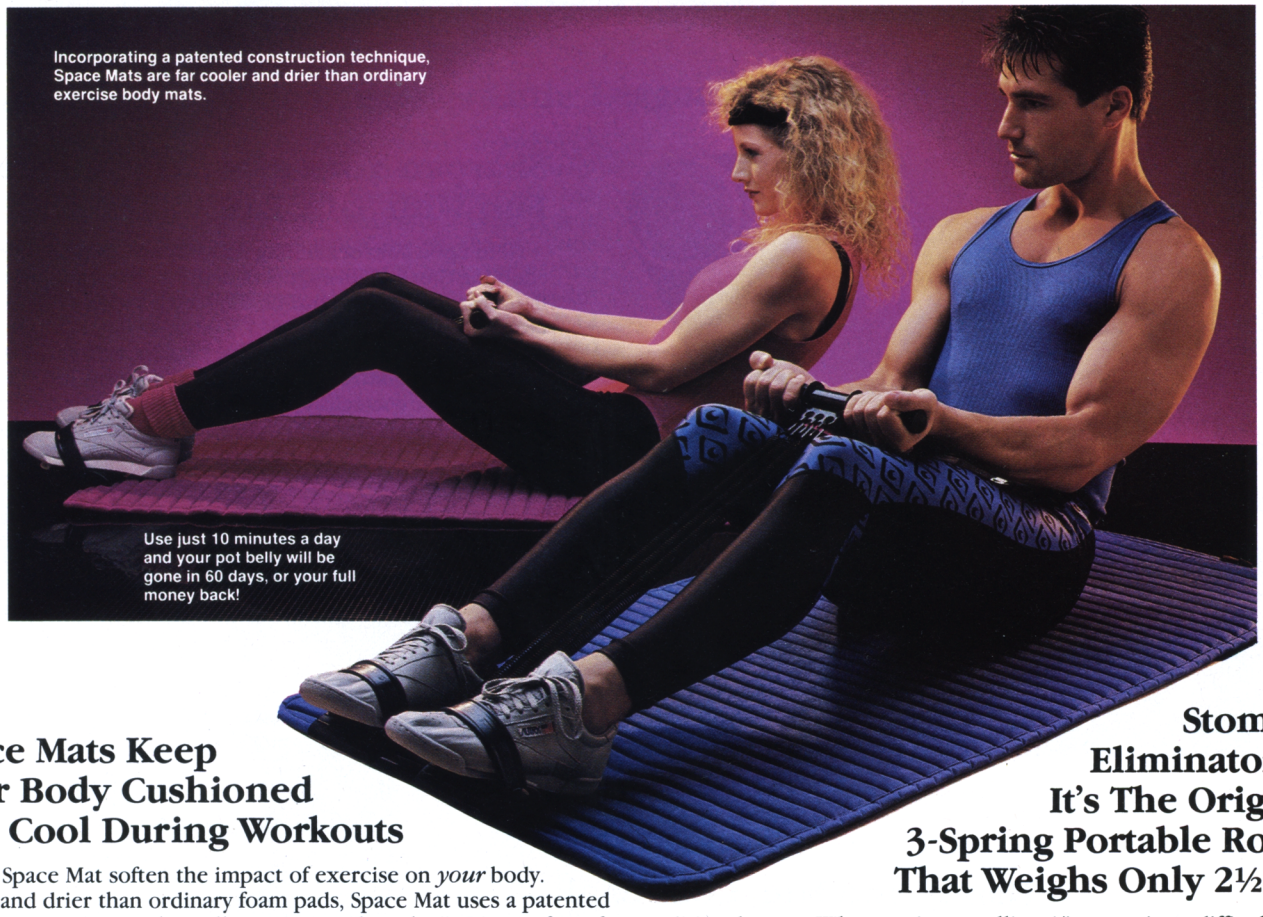
Pulse Trainer "Coaches" You... As You Work Out

Pulse Trainer measures and displays your pulse with extraordinary precision ...but that's just the start. A programmable alarm sounds when your heartrate exceeds or goes below specified levels, *so you'll always know if your heart is working in the all-important "target zone."* And it monitors your "recovery rate" by automatically displaying your pulse 3 and 5 minutes after a workout... all while you are actually working out.

There's a large, easy-to-read LCD display, audio pulse, timer, clock and stopwatch. Wrist-mount version comes with both a fingertip and earlobe sensor. Bracket-mount model, for exercise machines, includes earlobe sensor only. Make your cardiovascular workouts safer and more efficient with this high-quality fitness instrument. #385031 **Pulse Trainer, Wrist Mount $59.95** *(1 lb.);* #385032 **Pulse Trainer, Bracket Mount $59.95** *(1 lb.)*



To get the most out of your cardiovascular workouts, wear a Pulse Trainer. Bracket-mount model attaches to an exercycle or rowing machine.



Incorporating a patented construction technique, Space Mats are far cooler and drier than ordinary exercise body mats.

Use just 10 minutes a day and your pot belly will be gone in 60 days, or your full money back!

Space Mats Keep Your Body Cushioned And Cool During Workouts

Let a Space Mat soften the impact of exercise on *your* body. Cooler and drier than ordinary foam pads, Space Mat uses a patented ribbed construction that allows it to "breathe." It's perfect for traditional calisthenics, aerobics or yoga. Or camping. Or just lounging around.

Designed to out-perform sheepskin in overall comfort, the material is velour-soft and cushiony. It cools down twice as fast as sheepskin and stays 30% dryer. The secret is in the unique rib construction. Lengths of foam are sandwiched between two layers of fabric. Then the top and bottom layers are ultrasonically sealed between the ribs. Body movements then "pump" out moisture and heated air along the foam ribs and seals. Your workouts will be more enjoyable because you're cooler and less sweaty. And, of course, Space Mats are machine washable. Handy elastic keepers and nylon carry strap. 27×54×⅝". Choose Fuschia or Royal Blue. #432020 **Space Mat $34.95** *(4 lbs.)*

The Stomach Eliminator... It's The Original 3-Spring Portable Rower That Weighs Only 2½ lbs.

When you're travelling, it's sometimes difficult to get all the exercise you need. And eating every meal in a restaurant can often lead to a stomach that begins to creep over your belt.

Here's a handy, European-made rowing device small enough to carry in an overnight bag. Using it for just 5 minutes is the equivalent of a 6-mile bicycle ride or a 2-mile walk. It allows you to perform 7 exercises that flatten your stomach, strengthen chest, arms, back and thighs. #433005 **Stomach Eliminator Mini Rower $19.95** *(3 lbs.)*

Listen To Television Broadcasts Wherever You Go

Why listen to TV through headphones? Lots of reasons. How about when you want to watch TV in bed, but your spouse wants to sleep...or when you're attending a ball game and want a play-by-play analysis...or you, or someone you know has trouble hearing and it's just too noisy in the room?

With the new PrivatEar, you'll listen to TV practically anywhere...privately...in your car, at the beach, even while you're mowing the lawn or vacuuming! It picks up channels 2 through 13 on VHF, as well as FM radio and weather broadcasts.

Padded earphones let you listen in comfort. Antenna telescopes for exceptional reception.

Keep tabs on the tube...with a PrivatEar! Two AA cells provide 10 hours of power. #451250 **PrivatEar $39.95** *(2 lbs.)*; #363634 **2 AA Alkaline Cells $1.95** *(1 lb.)*

You'll never miss a sporting event...or your favorite soap...when you're wearing a PrivatEar headset.

Rugged, Dual-Action Exerciser Tones *Both* Upper And Lower Body

Most stationary cycles are fine for conditioning your legs. But they have one big drawback...your upper body remains nearly motionless and gets little benefit. The new MCA BodyCycle makes it possible to condition *both your lower and upper body at the same time.*

It incorporates a variable resistance rowing mechanism that tones arms, chest, and torso as you cycle. You get twice the workout of ordinary cycling machines.

The BodyCycle is a solid, well-crafted machine, built to endure thousands of "miles" of vigorous use. It's firmly grounded by 2"-square steel stanchions. The chain-driven flywheel is 30 lbs. of polished steel, governed by a ratchet-action thumb lever. Adjustable straps on the weighted pedals assure peak cycling efficiency. An instrument console (speedometer, odometer and timer) is mounted on "U"-shaped handlebars with padded grips. An oversized, spring-cushioned seat is surprisingly comfortable. Everyone in your family can use the BodyCycle, thanks to quick-release finger knobs that adjust seat and handlebar height instantly. #433040 **MCA BodyCycle $149.95** *(65 lbs.)*

Exercising With Fanny Firmer Is The Means To A Perfect End

Why is it so difficult to attain a firm, shapely bottom? One reason is that it's a difficult set of muscles to isolate in an exercise. For a tighter tush, fitness experts recommend a movement called the "pelvic lift," and that's the exercise the Fanny Firmer is based on.

Lying on your back, place the tummy pad over your pelvis and grip the contoured handles. Now squeeze your buttocks and slowly raise and lower your hips. A set of springs provides 20 pounds of resistance.

In just a few minutes a day, Fanny Firmer will slim and tone your posterior...and firm up thighs, back, arms and stomach, too. #431200 **Fanny Firmer $19.95** *(3 lbs.)*

High-Tech English Knives Never Need Sharpening . . . Guaranteed!

Designed by Regent Sheffield of England, Laser 5 knives are so sharp and durable they're backed by a *30-year guarantee!* If one ever fails to perform flawlessly . . . even if it becomes dull after 29 years of demanding use . . . the manufacturer will replace it.

The blade design is revolutionary. Machined at an optimum 18-20 degree angle, the blade incorporates a series of striations and concavities that produce hundreds of tiny cutting surfaces. It has the cutting power of a serrated blade, but is far sharper and never loses its edge. The surgical stainless steel construction means it will never stain, tarnish or pit, and the contoured Unibond handle is unbreakable and dishwasher-safe.

Don't just take our word for it. Order a set and compare them to your other knives. If you don't agree these are the best knives you've ever used, return them for a prompt refund. #365045 **Laser 5 Cutlery Set $59.95** *(5 lbs.)*

Only Excalibur Non-Stick Cookware Is Guaranteed Stick-Free For Up To 10 Years!

From Iceland, the land of fire and ice, comes the world's finest non-stick cookware. Recently introduced to America, Look Cookware is the first to use Excalibur, *a revolutionary new non-stick coating guaranteed to last 10 years, even if you use metal utensils!*

Excalibur is a mesh of stainless steel welded to the pan, then impregnated with a layer of non-stick PFTE. Tests confirmed that after 6,000 scrapes by a metal spatula, the Excalibur surface retained its non-stick qualities. Other coatings wore completely off after only 1,000 scrapes. The Look pans' ¼"-base is *twice as thick as most other pans, eliminating hot spots.* Made of aluminum alloys, the pans are forge-cast for superior strength . . . *they're guaranteed for life against warpage.* Vented pyrex lids control moisture content of food.

The patented waffle cooking surface prevents food from soaking up too much oil, and distributes the oil uniformly no matter how uneven the burner is. New Cooker Is Healthier, Safer And 46% Faster Than Microwave Cooking

Whether you're an adventuresome gourmet or a strict meat 'n potatoes fan, you'll really appreciate our new space-age Futura pressure cooker. It's the super-fast, healthy way to cook meats, vegetables, fish, grain and poultry without adding fats and stealing nutrients from your diet.

Most foods can be cooked to perfection in minutes in the Futura . . . you'll find it far faster and safer than using a microwave. You'll use your Futura for health reasons, too . . . scientific studies prove that certain nutritive elements, particularly proteins, minerals and vitamins, are better retained in pressure cooking.

Unlike old-fashioned pressure cookers, the Futura has a ¼" thick wrought aluminum base and a recessed pressure regulator. The pressure-locked safety lid is virtually accident proof; while there is pressure inside the cooker, the lid is locked tight like a modern jetliner door. The Satilon™ coating, harder than steel, won't tarnish, stain, break, chip or peel. Comes with cookbook. #583420 **Futura Pressure Cooker $69.95** *(4 lbs.)*

Hand-crafted Brass Ship's Lamp Glows With Nostalgia, Projects World Map Onto Walls

In the soft, 18th-century glow of a Captain's Lamp you can almost smell the salty air, hear the wind whistling through the stays. And watching its global map projected onto the wall, your thoughts drift to distant voyages.

The Captain's Lamp is hand-made of brass by G.V. Harnisch of Denmark, one of the world's oldest and most respected nautical lamp makers. Harnisch lamps are preferred by yacht captains in every ocean, and by the U.S. Navy, which uses them in the officers' quarters of select ships.

Each numbered lamp is made only of the purest heavy-gauge brass. After hand polishing, the brass is given a generous lacquer coating so that, even after years at sea, it never needs polishing. The glass globe is hand-blown and etched with the world's continents. Available in kerosene (pictured) or 110 AC model. #511005 **Captain's Lamp, Kerosene $144.95** *(4 lbs.)*; #511006 **Captain's Lamp, 110V AC $164.95** *(4 lbs.)*

Relive The Golden Days Of Radio With Classic Wood Consoles

Back in the days when big bands ruled the dance floor and bread cost a dime a loaf, families made a ritual of gathering 'round the sturdy Motorola for an evening's entertainment.

Now you can share the joys of radio, both modern and nostalgic, with *your* family by ordering a Thomas Collector's Edition Console. Both the AM/FM model and the AM/FM/Cassette Player model are faithful recreations of old-time radios, skillfully crafted of wood with the sort of pride and attention to detail that's hard to find nowadays.

Naturally, the electronic components are thoroughly modern. The powerful receiver pulls in distant signals without distortion. The AM/FM model includes a tape jack so you can plug in a cassette deck to play yesteryear's classics (at right)...or more modern music. If you don't have a tape deck at home, order the AM/FM/Cassette Player model. Dust cover included. #452112 **Thomas Collector's Radio $79.95** *(10 lbs.)*; #452113 **Thomas Collector's Radio w/Tape Player $99.95** *(10 lbs.)*

Classic Timepiece Of The 1930s Curves To Precisely Fit Your Wrist

The Gruen Curvex was *the most famous* watch of the 1930s. Elegant, yet rugged, curved to perfectly fit the wrist, it was chosen by veteran pilots, sea captains and explorers all over the world. As its reputation spread, the Curvex became one of that decade's most desirable watches.

Now you can own an exact replica of this classic timepiece . . . updated by a Swiss-made quartz movement. It's still made by Gruen, an American watch manufacturer established in 1874, using the original molds.

The craftsmanship is flawless. Fasten the smooth pigskin strap to your wrist. Notice the way the glass crystal and metal case are perfectly matched. And how the 18K gold finish gives off such a warm, luminous glow, as only gold can. The larger face of the men's watch features a separate second-hand dial.

Distinctive and incredibly comfortable, the classic watch of the '30s is sure to impress discerning members of the '80s generation. #291665 **Gruen Curvex, Men $199.95** *(2 lbs.)*; #291666 **Gruen Curvex, Women $199.95** *(2 lbs.)*

Solve The Mystery...And Win Cash!

REWARD: $1,000,000!

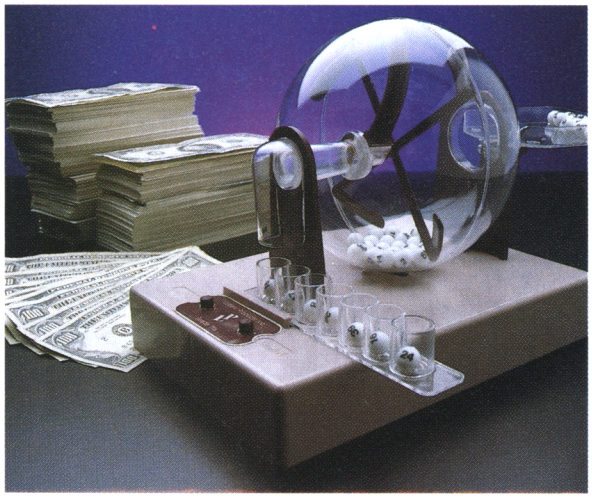
Unlike lotteries and games of chance, The Money Hunt Reward: $1,000,000™ rewards skill and ingenuity.

If you're clever enough to figure out the clues provided in the game, and can identify the location of the reward, you win all (or if more than one winner, an equal portion of) the cash prize ($50,000 a year for 20 years).

The Money Hunt Reward: $1,000,000™ contains everything needed to land you on Easy Street: a 30-page clue book, a giant, full-color map of North America with a treasure hunt clue poster on the flip side, a full-color jigsaw clue puzzle, and a pre-numbered registration card plus three officially numbered reply forms.

Play alone or form a syndicate. When you think you've found the treasure's location, write it down and mail it in. If by March 31, 1988, no one has submitted the correct answer, additional clues will be made available. Prize funds are in an Irrevocable Trust certified by Touche & Ross.

With a little luck . . . and after hours of grand sleuthing . . . you may be the one to bag a million bucks! #413100 **The Money Hunt Reward: $1,000,000™ $19.95** *(2 lbs.)*



Use Millionaire Maker For Fun & To Bust The Lotto!

Lotto players face a dilemma each time they buy a ticket. What numbers to pick? Studies have shown that most Lotto *winners* don't use any sort of special system to select their numbers. Instead, they tap the power of *random selection.*

The Millionaire Maker is a novel, fun way to use random selection to pick *your* numbers. It works just like a state Lotto machine. A tiny battery-powered motor under the base rotates the sphere, which holds up to 56 numbered balls. Press one button and the sphere mixes the balls thoroughly. Touch the other and the sphere rotates in the opposite direction . . . a clever scooping system lifts a single ball at a time, up and into a sliding tray.

To return the balls to the sphere, simply place them on the filling tray and tilt it up. Now you're ready to choose another perfectly random set of numbers.

Order Millionaire Maker today, for yourself or friends who enjoy playing Lotto. *You* might bust the Lotto and be an instant millionaire! #413110 **Millionaire Maker $19.95** *(1 lb.)*

Vintage WWII Films Recall Allies' Struggle For Victory!

World War II. Just saying the words calls up great emotions. And a feeling of unwavering pride in our country's actions.

Whether your view of the "war to end all wars" was shaped by firsthand experience, by an uncle's stories, or from Hollywood films, this amazing series of documentaries takes you back to the years when a short dark-haired German dreamed of ruling the world.

These documentaries show what no feature film can...what it was like to actually be there. In the trenches of Burma and Iwo Jima. On the frozen steppes of Russia. Beneath the icy Atlantic in a leaking submarine. The men lying wounded aren't actors. The tears of grieving women aren't faked. This is the way it happened, and the images are powerful.

Directed by the likes of Frank Capra and John Huston, who would later achieve great fame as Hollywood filmmakers, these classic films were produced by the War Department to inspire and inform the American people.

Viewing them today, you'll feel all the pride, terror, grief and joy experienced by the men and women who lived through this unforgettable era. And reaffirm that the world cannot tolerate a similar war again. VHS only. **$11.95 each** *(1 lb.)*. #453015 *Save $19.55!* **Entire Series (10 Titles) For $99.95** *(10 lbs.)*

Average running-time is 60 minutes.

#453005 Battle of Britain... Part of Frank Capra's award-winning series. England stands alone against the Nazis.

#453006 Battle of China...Part of Frank Capra's award-winning war series. The Chinese people struggle to overcome a tidal wave of Japanese forces.

#453007 Battle of Russia...Part of Frank Capra's award-winning war series. Chilling footage of the infamous Eastern Front and the ultimate Nazi defeat.

#453014 Divide and Conquer...Part of Capra's award-winning war series. Chronicles Hitler's conquest of Europe.

#453008 Stilwell Road...Ronald Reagan narrates the gripping story of General Joseph Stilwell's battle against the Japanese in the jungles of Burma.

#453009 Nuremberg Trials...The living and the dead came here to judge.

#453010 Attack In The Pacific...America's heroic struggle to liberate the Pacific.

#453011 Thunderbolt...Extraordinary aerial combat over European skies. Introduction by Jimmy Stewart. Narrated by Lloyd Bridges.

#453012 Victory At Sea/Jap Zero...U.S. submarines in action; Ronald Reagan identifies Japanese fighter planes.

#453013 Battle Of San Pietro/Marines Have Landed...The Allies slug it out in Italy. Directed and narrated by John Huston; our fighting leathernecks in action.

Experience The Joy Of Flying With A Thrilling Remote Control Cessna!

Speeding down the field, your Cessna 182 by Cox lifts into the air, climbing easily on its condor-like, 3′ wings. You push a toggle of the easy-to-use, 2-channel remote control and the 182 levels out.

High above the trees, its quiet .049 engine pulls this detailed scale model at speeds of up to 25 MPH! Push the aileron toggle and begin a hard right-hand dive. Then pull up and bank hard to the left, testing your piloting skills. Soon you'll be making all the moves of a pro, thanks to the 182's forgiving design.

Its high-impact polymer shell provides structural rigidity and makes the Cessna able to endure the occasional crash landing.

Discover the thrills of remote control flying this summer. It's a whole lot cheaper than a pilot's license! Includes 2-channel Remote Control. Starting kit includes fuel, starting battery, glow head clip and two wrenches. Requires 12 cells (not included). #422400 **Cox Cessna 182 $199.95** *(5 lbs.)*; #422401 **Starting Kit $10.95** *(2 lbs.)*; #363658 AA **Alkaline Cells, Set Of 12 $13.95** *(1 lb.)*

Omnispeakers are engineered for and used by major theme parks such as Epcot Center, Sea World, and Walt Disney World. They're great for picnics, parties, backyard barbeques or just relaxing.

"Plant" The Rich Sound Of Stereo In Your Yard Or Garden

Imagine. You're relaxing on your patio...or soaking in your hot tub . . . and suddenly you hear music that's so rich, full and mellow that it seems to come from the air itself.

It's actually coming from Omnispeaker, an incredible new outdoor speaker you plant in the earth!

That's right. When the durable Omnispeaker is buried up to its protective foam ring, something special happens. The speaker becomes stabilized so the music is cleaner and more vibrantly alive. You get 360° sound...so no matter where you are, the sound is bold and clear. You can bury Omnispeaker in your flower bed or place it in a planter on a roof garden or near the pool. Built of weather-tough ABS plastic, your speaker stands up to rain, freezing cold and the sun. Comes with 50′ of outdoor waterproof speaker cable. Power capacity: 100 watts. #371060 **Omnispeaker $129.95** *(20 lbs.);* #371061 **Extra Cable, 50′ $19.95** *(2 lbs.)*

New! Solar-Powered Lights Keep Walkways Bright

Why waste money on expensive electricity and outdoor wiring, when you can harness the sun to keep walkways bright? Our new WalkLite outdoor light is a solar-powered wonder that uses the sun's energy to safely and inexpensively light up the night.

Place several WalkLites along the path from carport to doorway, to ensure safe footing for friends and family at night. Or use WalkLite to illuminate a garden path without the inconvenience of extra wiring or the continuous replacement of batteries.

WalkLite features a solar panel which maintains the charge of the nickel cadium batteries... even on cloudy days or in rainy conditions. Your WalkLite turns on automatically at dusk, and stays on for approximately five hours. Comes with 24″ metal stand for easy placement. #361205 **WalkLite $69.95** *(4 lbs.)*

WalkLite turns on automatically and keeps glowing up to five hours . . . every single night!

Fragrant Torches Keep Insects From Spoiling Outdoor Gatherings

You and your guests are gathered on the deck chatting and watching the sun go down. It's been a hot day, and you're enjoying the coolness of the air. But soon everyone's hightailing it back inside. Mosquitoes have found you.

Nothing ruins a peaceful outdoor evening quicker. Next time, try burning a couple of Citronella Garden Torches. Fragrant and highly effective, they'll keep those pesky critters at bay.

Made in Portugal, our torches use pure Citronella oil, a safe, natural substance employed for centuries to repel all kinds of annoying insects. They give off a pleasant, lemony scent. Each 30″ torch burns for approximately 3 hours. Specify Blue, Yellow or Red. #306900 **Citronella Torch, Set Of 3 $7.95** *(6 lbs.)*

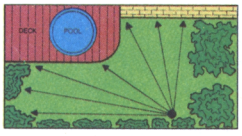
Memory Sprinkler Waters The Lawn, The Whole Lawn & Nothing But The Lawn!

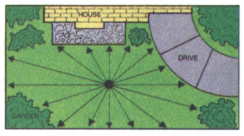
Does your sprinkler water more than just your lawn? Like patios, sidewalks, windows, decks, and occasionally, you? Well, here's a clever solution . . . the remarkable new Memory Sprinkler, the world's first *programmable* impulse sprinkler.

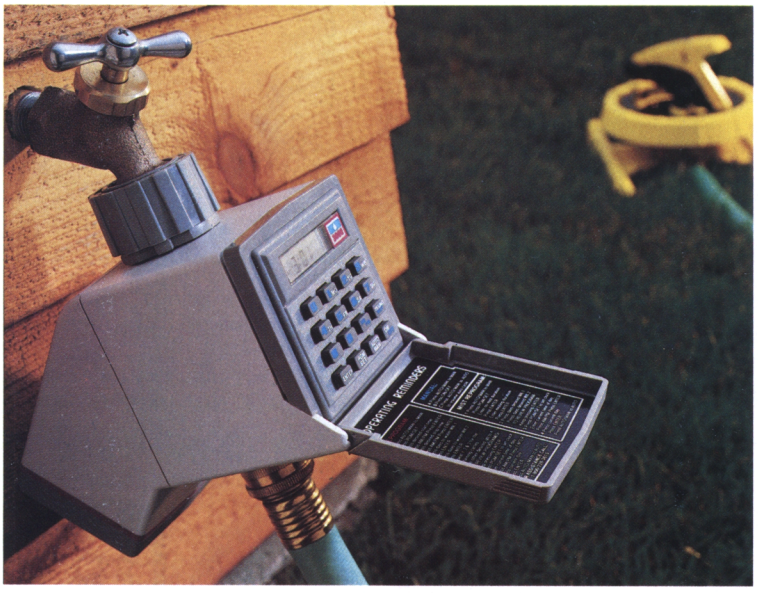
It uses an easy-to-set, interchangeable "memory disc" that precisely controls the spray pattern . . . even on the most irregularly shaped lawns! Coverage range is from 16′ to 43′.

Pop-in programmable discs "remember" a pattern until you decide to change it, which can be done over and over. But it's faster to simply pop-in another disc pre-programmed for that section of your lawn. The Memory Sprinkler saves water, keeps sidewalks and decks dry. Try one this summer. Includes 2 discs. Available with Sled or Spike Base. #322050 **Memory Sprinkler, w/Sled Base $24.95** *(2 lbs.);* #322051 **Memory Sprinkler, w/Spike Base $24.95** *(2 lbs.);* #322052 **Extra Discs, Set Of 4 $19.95** *(1 lb.)*

No matter what shape your lawn is, Memory Sprinkler can be quickly programmed to water only the grass!







Rainmatic Waters Your Lawn & Garden Up To 8 Times A Day . . . Automatically

Whether you're vacationing . . . or simply have better things to do when you're at home . . . Rainmatic takes care of all your watering chores. Set it once and forget about it.

Its reliable microprocessor controls a flow-valve, turning water on and off up to eight times a day. Different schedules are possible for each day in its 14-day cycle, including odd or even day watering for water-restricted areas. Watering periods can be set from one minute to 24 hours. Easy to set, Rainmatic also has a built-in schedule recommended by professional gardeners. Manual override lets you wash you car, etc., without removing the Rainmatic. Locking ring prevents theft. Optional moisture sensor deactivates Rainmatic in rainy weather. Operates for an entire season on 4 C cells (not included). #322025 **Rainmatic 3000 $64.95** *(3 lbs.);* #363001 **4 C Alkaline Cells $5.95** *(1 lb.);* #322026 **Moisture Sensor $29.95** *(1 lb.)* *(Sensor Available After August 15)*

Easy-Winding Cassette Holds 52′ Of Hose And Stores In Tiny Spaces

Ordinary garden hoses have a habit of kinking and tangling, resisting your efforts to move them. Bulky and difficult to carry, they also have a way of looking untidy stored next to your house.

But the Gardena Hose Cassette is no ordinary hose. Neatly coiled inside the compact housing is 52′ of reinforced ½″ hose. The cassette winding system allows you to pull out only as much hose as you need. When you're finished, simply wind it back on in seconds. To move or store it, just pick up the unbreakable cassette by the handle.

The kink-resistant hose is "memory-less." Though stored in tight coils, it comes out straight, easy to maneuver. Ideal for RVs, boats . . . and for those who live in apartments, condos or full-size homes. Includes adjustable spray nozzle and 5′ connector hose (between faucet and cassette). Made in West Germany. #321430 **Gardena Hose Cassette $64.95** *(8 lbs.)*

Kink-resistant, self-storing portable hose is ideal for RVs, boats, patios, and yards.

Inflatable Catamaran Stores In A Closet, Sails Into The Sunset . . .

Temperature's rising . . . it's almost 80° now . . . and you and a friend have taken the afternoon off. Wise move, despite the envious looks you got from co-workers.

The wind's starting to build, kicking up whitecaps on the lake as you drive into the parking lot. You quickly exchange ties and suits for swim trunks. Then, opening the trunk, you each take a bag and head to the beach.

In less than a half hour, you've assembled your new Sea Eagle GoCat, a high-performance, 11′ *inflatable* catamaran! Now you're ready for an afternoon of sailing thrills, tacking, reaching, and jibing . . . at speeds of up to 10 knots! There's no easier way to introduce yourself to the wonders of sailing.

Keep your GoCat "moored" inside its two compact storage bags. When the wind comes up, GoCat assembles in less than a half-hour either at home (transporting the hull on a cartop), or at the beach. Inflated hull measures 11′4″×5′2″.

Incredibly tough, the hull is constructed of 40 mil PVC, with V-shaped tubes to slice cleanly through water. For added safety, there's four separate air chambers with easy-fill one-way valves. Quick-Fit aluminum frame and polyester decking.

The adjustable centerboard and rudder are made of high quality marine plywood. Supported by aluminum side-braces, the 18′ aluminum mast breaks down into sections for easy transport. The 58-sq. ft. sail is computer-designed for maximum power and efficiency.

GoCat takes all the hassles out of boat ownership. All that's left is the fun! Holds three adults (750 lbs.). Packs into two storage bags (included). Comes with foot pump. #172010 **GoCat $999.95** *(106 lbs.)*
